Jefferies was setting an example for the genre but the opening section despite some improbabilities has been much admired for its rigor and compelling narrative **After London** John Richard Jeffries, 2017-11-22 The meadows were green and so was the rising wheat which had been sown but which neither had nor would receive any further care Such arable fields as had not been sown but where the last stubble had been ploughed up were overrun with couch grass and where the short stubble had not been ploughed the weeds hid it Jefferies novel can be seen as an early example of post apocalyptic fiction After some sudden and unspecified catastrophe has depopulated England the countryside reverts to nature and the few survivors to a quasi medieval way of life The first part The Relapse into Barbarism is the account by some later historian of the fall of civilisation and its consequences with a loving description of nature reclaiming England The second part Wild England is an adventure set many years later in the wild landscape and society After Paul Meloche, 2024-09-06 As 2032 comes to a close Max Poirier and Annie Dekker are enjoying a vacation in Lofoten Norway Moments before Max proposes to Annie a nuclear explosion rocks Bod almost a hundred kilometres away across the sea They soon learn that Bod is not an isolated incident as they try to protect themselves from nuclear fallout they learn that dozens of cities around the world have been hit with nuclear weapons and that nuclear war is imminent if not already completely underway Meanwhile at a small farm in the Netherlands the retired couple Magda and Jan Bouwman are just as devastated by a nearby nuclear attack Their farm provides them with a modicum of food and safety but with a dearth of medication necessary for Magda's health and a lack of information regarding their adult children's survival they decide to brave the unknown Max and Annie grow closer in despair weathering hopelessness and the seemingly endless death around them as they trek south on Lofoten to find help that may never come Magda and Jan find themselves drifting apart as their journey reminds them of their family past regrets and a secret they both know Jan has been keeping from Magda a secret that might finally be their undoing After A Cautionary Tale is a haunting novel about humans at their core flawed yet resilient and hopeful **Perdition's Storm** Brian Trent, 2025-11-04 ZOMBIES MEET THE MAFIA IN JOHN RINGO'S BLACK TIDE RISING UNIVERSE AUTHORED BY A RISING STAR IN SCIENCE FICTION BRIAN TRENT Before the world fell Silvio Cipriano was a contract killer for the Italian Mafia When the H7D3 virus came to Italy Silvio worked to forget his past to build a different future Fighting to protect his loved ones from the zombie hordes he organized the survivors raised them up from the ashes and gave them hope Now a new enemy has arisen Worse than the zombies and bent on conquering the planet one nation at a time they've set their sights on Italy with no idea what's awaiting them At the publisher's request this title is sold without DRM Digital Rights Management Praise for Brian Trent Brian Trent is one of our very best new writers and now's the time to start reading him Robert J Sawyer bestselling and Hugo Award winning author Once begun Redspace Rising will grip you by the throat like its soldier protagonist grips his many enemies and compel you to read it all the way to its jubilant battered conclusion And you'll be very grateful Locus Gritty action packed and relentless Redspace Rising shows us a dark future in which battles are won but

Flowers of Time Mark Payne,2020-10-27 For all of its current popularity contemporary apocalyptic fiction novels set during or after events that devastate the world as we know it is part of a long tradition that includes the Biblical story of Noah the epic of Gilgamesh and the Works and Days of the ancient Greek poet Hesiod as well as the vast array of modern examples In this short essayistic book the author focuses on twentieth and twenty first century fiction in which new forms of life emerge from catastrophe how the survivors adapt to the altered conditions of existence and the various ways in which the past asserts its claims on them both the immediate past of the world that was lost and the deep past of prehistory and imagination that returns with this loss In Payne s view post apocalyptic fiction is political theory in fictional form Instead of producing arguments in favor of a particular form of life it shows what it would be like to live that life In a world in which there is no more capitalism and no more nation state characters have to relearn basic survival skills and return to earlier forms of social life They acquire new capabilities which bring new satisfactions they could not have anticipated in the world that is gone In the post apocalyptic world they disentangle themselves from old ways of thinking and their misconceptions of human happiness In this way Payne argues post apocalyptic fiction is the pastoral of our time The individualism and small scale social relations of post apocalyptic fiction are not naive but instead the necessary ground for choosing the freedoms and capabilities readers would want to see preserved in any future collective that might emerge from them

After London Richard Jeffries,2017-09-21 After London 1885 can be seen as an early example of post apocalyptic fiction after some sudden and
