Literature combines detailed practical and scholarly advice with a sense of the scope and creative possibilities of literary criticism empowering the student reader to make his or her own discoveries and experiments with language In addition it gives valuable guidance on adult language learning and translation skills for students of foreign literature This handy accessible guide covers all aspects of the essay writing process including preliminary reading and choosing and researching a topic referencing and presentation computer use style structure vocabulary grammar and spelling the art and craft of writing scholarly and personal insights into the problems and pleasures of writing about literature Written in an entertaining and informative way and containing a wealth of practical advice and scholarly insights this wise witty and helpful book should be on every literature student s bookshelf **Edinburgh Companion to Ancient Greece and Rome** Edward

Bispham,2006-07-24 The Edinburgh Companion newly available in paperback is a gateway to the fascinating worlds of ancient Greece and Rome Wide ranging in its approach it demonstrates the multifaceted nature of classical civilisation and enables readers to gain guidance in drawing together the perspectives and methods of different disciplines from philosophy to history from poetry to archaeology from art history to numismatics and many more *Freedom's Progress?* Gerard

Casey,2021-10-04 In Freedom s Progress Gerard Casey argues that the progress of freedom has largely consisted in an intermittent and imperfect transition from tribalism to individualism from the primacy of the collective to the fragile centrality of the individual person and of freedom Such a transition is he argues neither automatic nor complete nor are relapses to tribalism impossible The reason for the fragility of freedom is simple the importance of individual freedom is simply not obvious to everyone Most people want security in this world not liberty Libertarians writes Max Eastman used to tell us that the love of freedom is the strongest of political motives but recent events have taught us the extravagance of this

opinion The herd instinct and the yearning for paternal authority are often as strong Indeed the tendency of men to gang up under a leader and submit to his will is of all political traits the best attested by history The charm of the collective exercises a perennial magnetic attraction for the human spirit In the 20th century Fascism Bolshevism and National Socialism were Casey argues each of them a return to tribalism in one form or another and many aspects of our current Western welfare states continue to embody tribalist impulses Thinkers you would expect to feature in a history of political thought feature in this book Plato Aristotle Machiavelli Locke Mill and Marx but you will also find thinkers treated in Freedom s Progress who don t usually show up in standard accounts Johannes Althusius Immanuel Kant William Godwin Max Stirner Joseph Proudhon Mikhail Bakunin Pyotr Kropotkin Josiah Warren Benjamin Tucker and Auberon Herbert Freedom s Progress also contains discussions of the broader social and cultural contexts in which politics takes its place with chapters on slavery Christianity the universities cities Feudalism law kingship the Reformation the English Revolution and what Casey calls Twentieth Century Tribalisms Bolshevism Fascism and National Socialism and an extensive chapter on human prehistory The World Economy Angus Maddison,2007 **Atlas of Travel and Tourism Development** Myra Shackley,2007-03-14 From travel in the ancient and classical world to the growth of underwater tourism in the Great Barrier Reef and the influence of the Gulf War on regional tourism the Atlas of Travel and Tourism Development is a new departure from conventional texts providing a unique overview of the growth of the tourism industry Divided into three sections the text looks first at the past examining the influence of global geography on travel patterns and provides an overview of the history of travel and tourism It then moves onto the present using a regional framework to demonstrate how the physical and historical geography of each area is related to tourism development The final section provides a forecast of future trends for the next two decades
