Substance Use And Abuse Substance Use And Abuse

**Charles E. Faupel, Gregory Weaver, Jay
Corzine**

Substance Use And Abuse Substance Use And Abuse:

Substance Use and Abuse Kara Rogers Senior Editor, Biomedical Sciences, 2011-01-15 Consumed for a wide range of reasons substances that alter a persons mood and mind are widespread in most societies Although many such substances initially had been valued for their medicinal properties their usage can have health endangering consequences including habit formation The misuse or abuse of legal and illicit drugs and alcohol engender numerous public health concerns over time This analytical volume examines the physical ethical and public policy issues that have arisen as the result of excessive and inappropriate substance use

Drug Use and Abuse Marie Claire Van Hout, 2013 The use and misuse of drugs is a major social health political and economic issue globally This book presents a series of chapters on the impact of drug use during pregnancy the impact of parental drug addiction on the child with recommendations for supporting children and teenagers during a parents recovery process the development of parental skills and renewed parent child bonding and how improvements in positive child outcomes can result from an inter agency working between child protection and addiction treatment providers

Drug Abuse Curriculum for Employee Assistance Program Professionals, 1989

Biomedical Index to PHS-supported Research, 1988

The Sociology of American Drug Use Charles E. Faupel, Gregory Weaver, Jay Corzine, 2014 Thoroughly revised and updated in its third edition The Sociology of American Drug Use presents a broader sociological perspective on drug use in American society than any other text The authors all sociologically trained criminologists include extensive coverage of various methods and statistics for measuring drug use a topic that is particularly relevant for sociology students The book opens with an examination of the construction of drug use as a social problem setting the stage for the rest of the text The first section addresses basic conceptual methodological and theoretical issues in the study of drug use while the second section analyzes its various social correlates demographic institutional health economic cultural and subcultural and violent and criminal The final section focuses on societal reaction to drug use with discussions of prohibition decriminalization and legalization policy options and drug treatment drug education and drug testing New to the Third Edition Increased material on legal drugs like salvia and an expanded discussion of the recreational use of prescription drugs including the misuse of such drugs as Adderall OxyContin and Vicodin among college students New and updated Drug Controversies boxes Updated information on the pharmaceutical industry and an expanded discussion of the drug approval process with a new flowchart More in depth discussion of cartels and the current drug violence along the U S Mexican border Greater emphasis on cross cultural issues and perspectives including new material on crime and the American dream drug trafficking to the U S and opium production in Afghanistan and the European roots of harm reduction An expanded discussion of the role of the media and more material on family as a social institution An updated and streamlined glossary and bibliography

Drug Abuse Curriculum for Employee Assistance Program Professionals DIANE Publishing Company, 1995-07 Identifies the critical issues and information needs of the field and to develop a training

program which was responsive to the identified needs Designed to assist employee assistance program EAP professionals in understanding and addressing employee drug abuse problems *Handbook of Forensic Sociology and Psychology* Stephen J. Morewitz, Mark L. Goldstein, 2013-08-20 The role of behavioral and social sciences in the courtroom setting has expanded exponentially in the past few decades It is now widely recognized that scientists in these areas provide critical contextual information for legal decision making and that there is a reliable knowledge base for doing so While there are many handbooks of forensic psychology this is the first such volume to incorporate sociological findings broadening the conceptual basis for examining cases in both the civil and criminal realms including immigration issues personal injury child custody and sexual harassment This volume will examine the responsibilities of expert witnesses and consultants and how they may utilize principles theories and methods from both sociology and psychology It will show these disciplines together can improve the identification and apprehension of criminals as well as enhance the administration of justice by clarifying profiles of criminal behavior particularly in cases of serial killers death threat makers stalkers and kidnappers The volume is quite comprehensive covering a range of medical school environmental and business settings Throughout it links basic ideas to real applications and their impact on the justice system **Women's Mental Health** Sarah E. Romans, Mary Violette Seeman, 2006 Women's Mental Health A Life Cycle Approach brings together the latest research and clinical information on the wide variety of psychiatric problems that affect women in unique ways The book is organized around the female life cycle childhood adolescence adulthood reproduction and aging and addresses specific disorders as they present at each stage Chapters examine the biological hormonal and psychosocial foundations of female psychiatric disorders at each life cycle stage and offer a framework for thinking about clinical problems Expert commentaries are included to expand on key issues and provide an insightful overview of each life cycle stage The international group of contributors ensures complete coverage of cross cultural issues Concluding chapters discuss mental health services for women worldwide *Addictions in the Gay and Lesbian Community* Jack Drescher, Jeffrey Guss, 2001-01-23 Gain fresh insights into the social psychological and biochemical aspects of substance and sexual addictions Addictions in the Gay and Lesbian Community explores the unique clinical considerations involved in addiction treatment for gay and lesbian clients Using approaches ranging from Jungian analysis to cognitive therapy to twelve step programs the researchers and clinicians represented here share their expertise in working clinically with drug and alcohol problems as well as compulsive sexual behaviors in gay men and lesbians Effectively treating addictions in gay men and lesbians requires the clinician to understand not only the basic patterns of use and abuse but also to recognize and address the clients special concerns Gay and lesbian clients often face a variety of social and emotional barriers to overcoming addictive behaviors including internalized homophobia leading to deep feelings of shame about their sexual needs the need to stay closeted or face unacceptable consequences affecting work friends and family the temptations of circuit parties and gay bars feelings of social isolation and a desperate desire to fit in through use of drugs or

alcohol the interlocking role of drugs and sex homophobia shame secrets and loneliness mainstream treatment options that fail to address gay and lesbian specific issues and identities Addictions in the Gay and Lesbian Community offers both personal experiences of addiction and recovery and insightful original research into the sources and treatment of addictions among gays and lesbians It provides scholarly examinations of successful techniques for evaluating and treating gay and lesbian adolescents professionals and health care workers as well as a discussion of a treatment center geared to the needs of gays lesbians and bisexuals suffering from addiction A perceptive study of Jungian techniques for treating sexual compulsions includes an appendix written by the client giving his point of view Addictions in the Gay and Lesbian Community offers well written scholarly studies moving personal testimony and proven practical ideas for successful evaluation and treatment of gay men and lesbians with addictive disorders
