STRATEGIC LEADERSHIP IN THE PUBLIC SERVICES

Strategic Leadership In The Public Services Routledge Masters In Public Management

Elke Loeffler, Tony Bovaird

Strategic Leadership In The Public Services Routledge Masters In Public Management:

Strategic Leadership in the Public Services Paul Joyce, 2012-03-12 In turbulent times strategic leadership of public services becomes ever more important Strategic leaders are steering their organizations into a new relationship with the public often in conditions of intensified competition between public services providers and thus the quality of leadership they offer is critical Providing insights into useful approaches and techniques for strategic leaders Strategic Leadership in the Public Services covers topics such as the nature of leaders and how leaders lead It probes strategic thinking and thoroughly explores strategic processes of implementation monitoring and evaluation It provides advice on being strategic and encourages the reader to appreciate the challenges of strategic leadership in practice In the end the book argues that leadership and strategy have become hegemonic ideas for reinventing the state Replete with real world practical case studies and examples drawn from a range of countries the book provides students with a truly international outlook on the subject and offers a clear understanding of the emerging significance of leadership strategic management and public services reform Essential reading for postgraduate students taking leadership and management courses for the public services the book will also be a useful resource for individuals currently pursuing executive management careers in the public services or hope to do so in the future

Strategic Leadership in the Public Sector Paul Joyce, 2016-09-01 In good times and bad in the different situations of renewal crisis and chronic resource constraints the strategic leadership of public services is crucial Good leaders are essential in helping the public sector to adapt and solve wicked problems and they are also integral to the reform and modernization of public governance This new edition of Strategic Leadership in the Public Sector continues to provide insights into useful approaches and techniques for strategic leaders looking at what is expected of leaders competency frameworks leadership theories techniques and processes of strategic leadership leading strategic change the strategic state emerging leadership challenges Replete with real world case studies and examples and including new material from the USA Canada Australia Europe and India plus an appendix with practical worksheets the book gives students a truly international outlook on the subject and offers a clear understanding of the significance of leadership strategic management and public services reform This textbook represents essential reading for postgraduate students on public management degrees and aspiring or current public managers

Strategic Management in the Public Sector Paul Joyce, 2015-02-11 Strategic management is widely seen as essential to the public services leading to better performance and better outcomes for the public In fact the private sector idea of strategic management has become so powerful in the public sector that politicians and policy makers have begun to talk about the importance of the modern state being strategic and we may be witnessing the emergence of the Strategic State Strategic Management for the Public Sector draws on experience and research from a range of countries and provides a theoretical understanding of strategic management that is grounded in the public sector Drawing on the latest theory and research this text provides a fresh look at foresight analysis strategic

choice implementation and evaluation This book also offers original and detailed case studies based on up to date evidence from different public sector settings helping the reader to build on their understanding of theories and concepts presented earlier in the book Strategic Management for the Public Sector has been written specially for managers and students taking postgraduate courses such as MBAs and MPAs It will also appeal to individual managers and civil servants in the public sector looking for an accessible book to read as part of their own independent personal development Ethics and

Management in the Public Sector Alan Lawton, Julie Rayner, Karin Lasthuizen, 2013-05-02 Grappling with ethical issues is a daily challenge for those working in organizations that deliver public services Such services are delivered through an often bewildering range of agencies and amidst this constant change there are fears that a public service ethos a tradition of working in the public interest becomes blurred Using extensive vignettes and case studies Ethics and Management in the Public Sector illuminates the practical decisions made by public officials The book takes a universal approach to ethics reflecting the world wide impact of public service reforms and also includes discussions on how these reforms impact traditional values and principles of public services This easy to use textbook is a definitive guide for postgraduate students of public sector ethics as well as students of public management and administration more generally *Risk and Crisis*

Management in the Public Sector Lynn T. Drennan, Adina Dudau, Allan McConnell, Alastair Stark, 2024-06-27 Risk and Crisis Management in the Public Sector 3rd edition is a guide for public managers and public management students which combines practical and scholarly knowledge about risk and crisis management together in a single accessible text In the uncertainty of the twenty first century public managers need to know how to identify risks and plan for crises how to respond to uncertain events and emergencies and how to develop resilience This book provides this fundamental knowledge with reference to a range of contemporary cases including COVID 19 the war in Ukraine and global cyber crime crises It also explores the international transboundary and multi agency dimensions of risk and crisis management This fully updated new edition explores the cutting edge of risk and crisis management scholarship provides an extensive series of tools and practical guidance for public managers who deal with uncertainty and draws on a wealth of classic and contemporary case studies This content equips readers and public managers with the knowledge and skills to understand key issues and debates as well as the capacity to treat risks and better prepare for respond to and recover from crisis episodes This book is essential reading for students studying public management risk management and crisis management as well as professionals in the public management sector *Strategic Management in the Public Sector* Paul Joyce, 2015-02-11 Strategic management is

widely seen as essential to the public services leading to better performance and better outcomes for the public In fact the private sector idea of strategic management has become so powerful in the public sector that politicians and policy makers have begun to talk about the importance of the modern state being strategic and we may be witnessing the emergence of the Strategic State Strategic Management for the Public Sector draws on experience and research from a range of countries and

provides a theoretical understanding of strategic management that is grounded in the public sector Drawing on the latest theory and research this text provides a fresh look at foresight analysis strategic choice implementation and evaluation This book also offers original and detailed case studies based on up to date evidence from different public sector settings helping the reader to build on their understanding of theories and concepts presented earlier in the book Strategic Management for the Public Sector has been written specially for managers and students taking postgraduate courses such as MBAs and MPAs It will also appeal to individual managers and civil servants in the public sector looking for an accessible book to read as part of their own independent personal development

Performance Management in the Public Sector Wouter Van Dooren, Geert Bouckaert, John Halligan, 2015-02-19 In times of rising expectations and decreasing resources for the public sector performance management is high on the agenda Increasingly the value of the performance management systems themselves is under scrutiny with more attention being paid to the effectiveness of performance management in practice This new edition has been revised and updated to examine performance in the context of current public management debates including emerging discussions on the New Public Governance and neo Weberianism the many definitions of performance and how it has become one of the most contested agendas of public management the so called perverse effects of using performance indicators the technicalities of performance measurement in a five step process prioritising measurement indicator development data collection analysis and reporting and the future challenges and directions of performance management Performance Management in the Public Sector 2nd edition offers an approachable insight into a complex theme for practitioners and public management students alike

Research Methods in Public Administration and Public Management Sandra van Thiel, 2014-03-14 Research in public administration and public management has distinctive features that influence the choices and application of research methods Periods of change and upheaval in the public sector provide ample opportunities and cases for research but the standard methodologies for researching in the social sciences can be difficult to follow in the complex world of the public sector In a dynamic political environment the focus lies on solving social problems whilst also using methodological principles needed for doing scientifically sound research Research Methods in Public Administration and Public Management represents a comprehensive guide to doing and using research in public management and administration It is impressively succinct but covering a wide variety of research strategies including among others action research hypotheses sampling case selection questionnaires interviewing desk research prescription and research ethics This textbook does not bog the nascent researcher down in the theory but does provide numerous international examples and practical exercises to illuminate the research journey Sandra Van Thiel guides us through the theory operationalization and research design process before explaining the tools required to carry out impactful research This concise textbook will be core reading for those studying research methods and or carrying out research on public management and administration

Marketing Management and Communications in the Public Sector Martial

Pasquier, Jean-Patrick Villeneuve, 2012-03-12 The fields of marketing and communication have become increasingly important for modern public administrations in recent years but the focus on these subjects has been geared mainly towards the generation of outputs leaving somewhat behind the analysis and deeper reflections on the impact they make and their limitations This book provides a thorough overview of the major concepts in marketing and communication which is done by utilizing an exclusive and decisive public sector approach with an unambiguous international outlook The possibilities and limits of the application of marketing and communication from strategic aspects to the more concrete questions of instruments and implementation are discussed and if the realities of the public sector are the key to any understanding of marketing and communication the international scene is the only possible ground to do this in Aided by a multitude of pedagogical features Marketing Management and Communications in the Public Sector is a key read for all students practitioners and scholars working or studying in this field Financial Management and Accounting in the Public Sector

Gary Bandy, 2023-03-14 The importance of public financial management for the health and wellbeing of citizens became dramatically apparent as governments sought to respond to the coronavirus pandemic in 2020 Now governments and other public sector organizations face the challenge of recovering from the pandemic whilst also seeking to achieve Sustainable Development Goals with squeezed budgets and ever increasing demands for public services Public sector managers are confronted daily with targets and demands that are often set in confusing accounting and financial language In Financial Management and Accounting in the Public Sector Gary Bandy employs a clear and concise narrative to introduce the core concepts of public financial management to help those managers to deliver programmes projects and services that are value for money As the author puts it managing public money is an art not a science This third edition has been revised and updated throughout offering a structure that is more clearly linked to the stages of the public financial management cycle greater coverage of transparency and accountability issues a broader view of public procurement to include goods works and services and effective contract management and an increased focus on public spending in the context of a post COVID environment With a glossary of terms to help managers understand and be understood by accountants as well as learning objectives discussion questions and exercises this practical textbook will help students of public management and administration to understand the financial and accounting aspects of managing public services Managing Local Governments

Emanuele Padovani, David W. Young, 2013-06-17 Local Government is an area where management skills are tested to the extreme With political considerations evident both locally and nationally managing resources can be complex and subject to change This book introduces new concepts and new ways of doing business that can greatly enhance the value of the services a local government provides to its citizens without putting a greater financial burden on taxpayers Padovani and Young present out of the box thinking based on solid research and experience to discuss topics such as Incorporating outcome indicators into strategic planning and budgeting Building a LG s budget with cost drivers Expanding the concept of

enterprise funds Assessing and better managing the risk associated with outsourcing Using the concept of shadow pricing to compare public with private sector costs for services This book is a must read for students of public administration and management senior and middle managers in local governments around the world and citizens who are concerned with more effective management of their local government s programs and services A list of suggested extra case studies for each chapter and a description of the process to follow for ordering them may be obtained by sending an email to CrimsonCenter cs com You should request the document Case Study Suggestions for Managing Local Governments

Making and Managing Public Policy Karen Johnston Miller,Duncan McTavish,2013-10-01 Understanding how public policy is made and managed is a key component in studying the disciplines of public management and administration Such are the complexities associated with this topic a deeper understanding is vital to ensure that practising public managers excel in their roles This textbook synthesizes the key theories providing a contemporary understanding of public policy and how it relates to private and other sectors It integrates this with the management and implementation of public policy including outlines of organizations practices and instruments used Pedagogical features include chapter synopses learning objectives boxed international cases and vignettes and further reading suggestions This useful concise textbook will be required reading for public management students and all those interested in public policy

Performance and Innovation in the Public Sector Evan M. Berman,Imane Hijal-Moghrabi,2022-12-22 Managing for results is increasingly important for the success of public organizations Performance and Innovation in the Public Sector is a comprehensive textbook that examines a broad range of performance strategies Today s public managers require a broad toolkit and a deep current understanding of the following performance management digital government collaboration strategic planning innovation lean government and managing people for performance This book provides a thorough overview of broad paradigms and their emergence practical strategies along with examples and up to date applications and an appreciation for the diverse contexts of public organizations resulting in varied and tailored improvements Each chapter assists students in applying each tool at work Performance and Innovation in the Public Sector provides a balance of scholarship and practice offers flexibility for instructors and is written in an accessible style that students and professionals appreciate This revised much anticipated third edition includes an increased emphasis on improving governance and innovation as well as up to date examples that demonstrate best practices for performance in diverse public sector settings Winner of the American Society for Public Administration Outstanding Book Award 2024

Globalization and the Challenges of Public Administration Haroon A. Khan,2017-12-12 This book is an attempt to understand the challenges of globalization and governance in the public sector Written from the perspectives of both developed and developing countries it uses governance and public administration interchangeably to argue that the tasks of implementation require the cooperation of both the public and private sectors especially in a rapidly globalizing landscape It then utilizes statistical analyses to investigate the challenges of globalization

in managing human resources ethics and accountability sustainability e governances and leadership in the public sector

Ethics Management in the Public Service Liza Ireni-Saban, Galit Berdugo, 2016-12-19 Ethics Management in the Public Service offers a new perspective for ethics management in the Public Administration The traditional approaches relying on codified rules regulations and guidelines have not yielded the results expected of them and have not managed to serve as an effective tool in the hands of public administrators struggling with ethical and moral questions Unlike Code based training strategies focusing on the written word and its application in real life situations the authors introduce a sensory based strategy to sharpen public administrators senses This type of training would first aim to help the public administrators become conscious of the use of their senses in a routine manner not necessarily limited to ethical issues Once an individual becomes more conscious of his or her acts and thinking process they can better understand their motives and again attempt to modify their conduct if and when necessary This book holds that sensory based metaphors are an important device in applying the hermeneutic approach to ethics management in the public service as they can enhance new understandings about the extent to which particular ethical principles might be disabling Using metaphors as a management tool of public service ethics helps to communicate public values and ethical guidelines to public administrators **The Palgrave**

Handbook of Co-Production of Public Services and Outcomes Elke Loeffler, Tony Bovaird, 2020-11-23 This Handbook provides a comprehensive and authoritative account of the movement towards co production of public services and outcomes a topic which has recently become one of the most intensely debated in public management and administration both in practice and in the academic literature It explores in depth the processes of co commissioning co design co delivery and co assessment as major approaches to co production through citizen voice and citizen action and as key mechanisms in the co creation of public value The key debates in the field are fully explored in chapters from over 50 eminent authors in the field who examine the roots of co production in the social sciences the growth of co production in policy and practice its implementation and management in the public domain and its governance including its negative aspects the dark side of co production A final section discusses different aspects of the future research agenda for co production Public Governance

and Strategic Management Capabilities Paul Joyce, Turki F. Al Rasheed, 2016-12-08 This is a book about the modernization of public governance and the development of strategic states It focuses on six Gulf countries United Arab Emirates Oman Qatar Bahrain Saudi Arabia and Kuwait and presents research findings from quantitative data analysis and comparative analysis of the trends and developments of the six Gulf states The book analyses the workings of the governments of the Gulf States including the way that they have tackled national development since the mid 1990s This includes how their strategies for economic diversification have been reflected in trends in revenues from oil rents and whether they are still rentier states or not Evidence is presented on key topics such as government strategies and long term strategic visions Careful consideration is given to reputational evidence and to the strategic process capabilities of the governments integration and coordination of

government machinery mobilizing public and private stakeholders evaluating and adapting all defined as strategic process capabilities This examination of government is also used to study their performance in strategic results areas the economy the natural environment and the happiness of their citizens The countries emerge from this analysis as far from identical in terms of capabilities or in term of performance

Developing Public Service Leaders Mike Wallace, Michael Reed, Dermot O'Reilly, Michael Tomlinson, Jonathan Morris, Rosemary Deem, 2022-10-17 Developing Public Service Leaders examines why and how governments and representative bodies in public service organizations have mounted major interventions over the last two decades to develop senior staff as leaders A critical explanation is developed of the foundational contribution made by national leadership development interventions in the 2000s to the emergence proliferation and normalization of leadership development provision Through carrying out qualitative research in England the authors investigate the national leadership development interventions for school education healthcare and higher education Whilst also looking at the contemporary legacy of these interventions within a global scale examining the growing international movement and comparing interventions across the world The book looks at new ways to approach leadership development adopting a novel perspective on leadership as a metaphorical concept and coining the concept of leaderism and exploring how although senior staff may be widely acculturated as leaders they may not necessarily be committed to acting as government change agents Leadership development makes a diffuse contribution towards the ongoing neoliberalization of public services Developing Public Service Leaders is a comprehensive and essential read for a researcher or policymaker striving for an in depth understanding of the field and its ramifications

Ethical Public Leadership Stephen M. King, 2023-09-29 Dozens of books are published each year on leadership but as pundits scholars philosophers and public intellectuals note what is written is too often shallow and facile oriented toward quick fixes for performance enhancement or internal organizational and personnel development Drawing from a diverse range of literature including history philosophy public administration leadership religion and spirituality this book fills an important gap exploring what it means to be an ethical and moral leader It takes a deep dive into the many challenges of leadership examining the continuing contrast between bureaucracy and democracy the unique ethical and moral characteristics of nonprofit and faith based organizations and the globalization of organizations and institutions Throughout the book author Stephen M King develops a more holistic and interdisciplinary understanding of ethical and moral leadership required for more thoughtful theoretical and empirical research He points students of leadership to the time honored values of ethics and morality reestablishes the ethical balance between bureaucracy and democracy and helps reorient the values purpose of public nonprofit and global institutions providing hope of a better future for leadership Ethical Public Leadership is required reading for students of public administration and nonprofit management as well as for practicing public servants and nonprofit sector employees at all levels

Leadership and Public Sector Reform in Asia Evan Berman, Eko Prasjo, 2018-04-06 Present day knowledge about

public sector reforms in Asia is quite scattered and seldom focuses on the challenges of leadership This book seeks to address this issue by presenting country cases that reflect the great diversity of the region
