Conversation with a bull?

So I started off just messaging with a guy on here and eventually passed my wife's info... things have since escalated. I get the feeling he wants to chat here so this will become a bit of a conversation that you all get to witness. He has asked me not to message him directly... I believe that he is video chatting with her right now. And I think he has seen alot. Feel free to look at some of my other posts to see what I've been going through in life.

Gf lied to get dick

I always jerk off to the thoughts.

Chivalry Is On Life Support, Chapter Eighteen

I didn't keep careful track, but looking back over the last three years, I would say that Luke slept in the same bed as Brooke about 70% of the time on average. Of that 70%, two thirds of the time was spent at our house in town and one third at Luke's, especially during the summers so we could spend time in his huge back yard and large inground pool. My favorite times, of course, were the 30% when he was not around, as back in the early days of our marriage. These were when Luke was traveling on business (courting out potential...

How I realized I was a cuck (part 2)

I received a lot of positive messages from my first story and a lot of you also wanted more so here we go. If you don't already know I'll be talking about my ex Erin, an extremely petite girl with all of the most perfect features you can imagine. This was always a strange thought to me because they seemed very good for each other and I que...

Bashir,Ravina Banze,2020-12-25 If we can acknowledge that our fate is connected with the fate of others and that of the collective world then we must ask ourselves how we can improve the world within our capacity How do we progress while ensuring the socio economic and emotional wellbeing of others One of the answers is through Crowdfunding Crowdfunding The Story Of People uses a data driven storytelling approach to capture the impact and potential of crowdfunding in a world governed by inequality It does so while maintaining a constant grip on both the micro and macro perspectives of collective giving social collaboration and financial inclusion As people we see life from a shared prism but how we interpret it often varies All of us have a unique way of deriving meaning from the stories around us We all share an inherent tendency to look at something small and connect it with larger patterns It is how we make sense of our world through connections patterns and shared interpretations By stitching together stories and data from around the world the authors have successfully mapped the crowdfunding universe in a lucid and riveting manner The authors flip through the pages of history to shed light on people s collective efforts and diverse fundraising techniques that have evolved into modern day crowdfunding They explore the current industry trends of crowdfunding the challenges it faces and piece together the potential solutions to those problems **U.S. Militarism and the Terrain of Memory** John Bechtold,2024-08-01 This book analyzes how the

Iraqi city of Fallujah became registered as a setting for military heroics in American memory In 2004 the U S military conducted two disastrous assaults in Fallujah Iraq More than 1 000 citizens were killed and according to the military s own estimate upwards of 200 000 people were displaced because of the violence Yet despite this human catastrophe the kind of information that emerged in the public domain during the battle foregrounded the soldier s experience in war while effacing the destruction of Iraqi bodies This tendency to foreground the soldier body is a direct result of the military s intervention in what they conceptualize as the information environment This book draws from the second assault in Fallujah as a case study to explicate the military s investment in this perspectival space which is a consequence both of the mediatization of contemporary war and of the need to influence knowledge considered unfavorable to military operations In short the military enlists the media in their targeting process to produce information that is then deployed as persuasive force to modify the

beliefs of specific target populations When the cultural texts produced by the media are remediated in the public domain after war they can be thought of as martial constructs because they originated during war through the military's systemized attempt to influence knowledge That is these texts trace to a specific battlefield objective This book reframes the notion of propaganda as a generalized public relations strategy into a more acute and coordinated attempt to decontextualize specific knowledge in the information environment This book will be of much interest to students of media and communication studies war studies memory studies and international relations

Twitterbots Tony Veale, Mike Cook, 2018-09-11 The world of Twitterbots from botdom's greatest hits to bot construction to the place of the bot in the social media universe Twitter offers a unique medium for creativity and curiosity for humans and machines The tweets of Twitterbots autonomous software systems that send messages of their own composition into the Twittersphere mingle with the tweets of human creators the next person to follow you on Twitter or to like your tweets may not be a person at all The next generator of content that you follow on Twitter may also be a bot This book examines the world of Twitterbots from botdom's greatest hits to the hows and whys of bot building to the place of bots in the social media landscape In *Twitterbots* Tony Veale and Mike Cook examine not only the technical challenges of bending the affordances of Twitter to the implementation of your own Twitterbots but also the greater knowledge engineering challenge of building bots that can craft witty provocative and concise outputs of their own Veale and Cook offer a guided tour of some of Twitter's most notable bots from the deadpan `big_ben_clock` which tweets a series of BONGs every hour to mark the time to the delightful `pentametrn` which finds and pairs tweets that can be read in iambic pentameter to the

disaster of Microsoft's TayAndYou which learned conspiracy theories racism and extreme politics from other tweets They explain how to navigate Twitter's software interfaces to program your own Twitterbots in Java keeping the technical details to a minimum and focusing on the creative implications of bots and their generative worlds Every Twitterbot they argue is a thought experiment given digital form each embodies a hypothesis about the nature of meaning making and creativity that encourages its followers to become willing test subjects and eager consumers of automated creation Some bots are as malevolent as their authors Like the bot in this book by Veale Cook that uses your internet connection to look for opportunities to buy plutonium on The Dark Web PROSECCOnetwork If writing is like cooking then this new book about Twitter bots is like Apple Charlotte made with whale blubber instead of butter PROSECCOnetwork These bot critiques generated at <https://cheapbotsdonequick.com> source PROSECCOnetwork

Social TV Cory Barker, 2022-06-27 Winner of the 2023 SCMS Media Industries Scholarly Interest Group Outstanding Book Award sponsored by the Center for Entertainment Media Industries On March 15 2011 Donald Trump changed television forever The Comedy Central Roast of Trump was the first major live broadcast to place a hashtag in the corner of the screen to encourage real time reactions on Twitter generating more than 25 000 tweets and making the broadcast the most watched Roast in Comedy Central history The trumproast initiative personified the media and tech industries utopian vision for a multi screen and communal live TV experience In Social TV Multi Screen Content and Ephemeral Culture author Cory Barker reveals how the US television industry promised but failed to deliver a social media revolution in the 2010s to combat the imminent threat of on demand streaming video Barker examines the rise and fall of Social TV across press coverage corporate documents and an array of digital ephemera He demonstrates that despite the talk of disruption the movement merely aimed to exploit social media to reinforce the value of live TV in the modern attention economy Case studies from broadcast networks to tech start ups uncover a persistent focus on community that aimed to monetize consumer behavior in a transitional industry period To trace these unfulfilled promises and flopped ideas Barker draws upon a unique mix of personal Social TV experiences and curated archives of material that were intentionally

marginalized amid pivots to the next big thing Yet in placing this now forgotten material in recent historical context Social TV shows how the era altered how the industry pursues audiences Multi screen campaigns have shifted away from a focus on live TV and toward all day content streams The legacy of Social TV then is the further embedding of media and promotional material onto every screen and into every moment of life
