Using Art Media in Psychotherapy Michelle L. Dean, 2016-01-22 Using Art Media in Psychotherapy makes a thoughtful and contextual argument for using graphic art materials in psychotherapy providing historical context for art materials and their uses and incorporating them with contemporary practices and theories Written with an analytic focus many of the psychological references nod to Jung and post Jungian thought with keen attention to image and to symbolic function This book jettisons the idea of reductionist cookbook approaches and instead provides an integrated and contextual understanding of the origins of each art form as well as an insightful use for each in its application in mental health healing practices Using Art Media in Psychotherapy gives clinicians and students alike the tools they need to offer psychologically minded and clinically astute choices that honor their clients

Modern Indian Literature as Cosmopolis Didier Coste, 2024-10-09 This book redefines modern Indian literature from a cosmopolitan comparative perspective inclusive of literature in English from India and the diaspora in native languages and works by non Indians It shows how since the mid 19th century Indian literary modernity pursued the conjunction of the sensuous and ethical spiritual that characterized its three traditions Sanskrit Persian and folk culture while the encounter both receptive and oppositional with the West vastly expanded the Indian literary sphere Aesthetics and ethics are not antithetical in the Indian cultural space but the quest for an exclusive Indian identity versus universalist approaches offsets concerns for social justice as well as enjoyable embodied communication The literary constellation in

many languages now formed in and around India can be better apprehended as a virtual Cosmopolis a commonwealth of elaborate emotions The versatile figure of Hanuman metaphorically flies across this Ocean of Stories to make us discover new worlds of experience
