The Bodhisattva Question The Bodhisattva Question:

The Bodhisattva Question Thomas Meyer, Elisabeth Vreede, 2010 Enthusiastic readers are sometimes heard to say of a book I couldn't put it down This is obviously either a metaphor or else a gross hyperbole But I can't recall any book as to which in my case it came nearer to the literal truth than *The Bodhisattva Question* Owen Barfield According to Eastern tradition the twelve sublime beings known as bodhisattvas are the great teachers of humanity One after another they descend into earthly incarnation until they fulfil their earthly missions At that point they rise to buddahood and are no longer obliged to return in a physical form However before bodhisattvas become buddhas they announce the name of their successors According to Rudolf Steiner the future Maitreya Buddha or the Bringer of Good as his predecessor named him incarnated in a human body in the twentieth century Presuming this to be so then who was this person Theosophists believed they had discovered the bodhisattva in an Indian boy named Krishnamurti who did indeed grow up to become a teacher of some magnitude Adolf Arenson and Elisabeth Vreede both students of Steiner made independent examinations of this question in relation to Steiner's personal mission They reached contrasting conclusions More recently a claim has been made that Valentin Tomberg a student of Anthroposophy but later an influential Roman Catholic was the bodhisattva In this book Meyer analyzes these conflicting theories and demonstrates how the question can be useful as an exercise in developing sound judgment in spiritual matters Elisabeth Vreede's two lectures on the subject included here in full are a valuable contribution to our understanding of the true nature and being of Rudolf Steiner Includes a new afterword by T H Meyer and Carla Vlad

The Bodhisattva Question Thomas H. Meyer, Elisabeth Vreede, 1993 Before a Bodhisattva becomes a Buddha he announces the name of his successor The one who Gautama named was said by Rudolf Steiner to have incarnated during the present century He is known to Oriental occultism as the future Maitreya Buddha the Bringer of Good Into whose bodily sheaths did this mighty being incarnate in our time The various claims are carefully considered by Thomas Meyer

The Lodge of the Bodhisattvas and the Question of the 20th Century Bodhisattva Filip Filipov, Preslav Pavlov, 2018-07-06 The book now lying in your hands holds a challenge to the Anthroposophical Movement to take up once again the Bodhisattva Question That question is In what human being did the Maitreya Bodhisattva appear in the twentieth century This became a consuming topic of discussion among pupils of Rudolf Steiner during parts of the first half of the twentieth century both before and after the founding of the Anthroposophical Society Its significance can be judged by two statements Rudolf Steiner made in 1911 that humanity must gain the capacity to see the supersensible Christ and for that the spiritual scientific movement is there That is its mission to create the conditions that bring about an understanding for the Christ in order then to make it possible to see the Christ and that the Maitreya Bodhisattva will be the real herald of the Christ in etheric raiment Yet today this question of the identity of the Maitreya and the teachings he gave the world has all but disappeared from the minds of the members of the Anthroposophical Movement even to the extent that the concept of a bodhisattva is unfamiliar to

many Bodhisattvas Rudolf Steiner explained are human beings who follow a path of development different from the rest of humanity They are at home in the World of Providence a plane of existence lying between Devachan and Nirvana Twelve of them gather around the Christ and receive from Him the impulses that they bring in turn as teachings to humanity Bodhisattvas are not born into bodies as are the rest of humanity but incorporate into a human bearer as the Christ incorporated into Jesus of Nazareth at the Jordan The Bodhisattva Question is therefore one of finding which historical personality became the bearer of the Bodhisattva in the twentieth century At the end of his path of teaching humanity over many incorporations a bodhisattva becomes enlightened and is elevated to buddhahood so it was that in the sixth century B C the Gautama Bodhisattva became the Gautama Buddha Since that time the bodhisattva who has been most active within humanity incorporating once every hundred years is the Maitreya Bodhisattva His particular task as Rudolf Steiner indicated is leading humanity towards an experience of the Etheric Christ Already in 1909 Rudolf Steiner underscored the importance of knowing and understanding what the bodhisattvas have to say who follow the Christ the first of them being the Maitreya Rudolf Steiner spoke of the Maitreya Bodhisattva often between 1909 and 1912 the period during which he was also speaking about the return of the Christ in the etheric Among much else about the Maitreya Rudolf Steiner said H e is also incorporated now From misinterpretations of that statement have issued some of the many misconceptions and false claims regarding the personality in whom the Maitreya appeared in the twentieth century This book is an anthroposophic study using spiritual scientific methodology The authors analyze the basic ideas and concepts of the two main branches of the 20th century European Esoteric Christianity Rudolf Steiner s anthroposophic study and the teachings of the Universal White Brotherhood given by the Master Peter Deunov This book can be thematically referred to the Christian spiritual tradition freely and scientifically developed in 20th century

Robert Colacurcio,2014-04-04 What resources do thoughtful parents fall back on when the faith based religious practices of their youth no longer satisfy their own spiritual needs and yet they truly want to raise their children with a foundation in some faith based practice Thoughtful parents struggle with this basic question how do we raise our children to have a solid religious footing The suggestion for guidance made in this book is that really good questions can be the resource parents are looking for Pathfinder questions are the really good questions that not only illuminate the way to go they actually help create the way to go Pathfinder questions are one of the resources from the spiritual technology toolkit of the Buddha This aspect of the Buddhist methodology can be applied to the practice of any faith based religion without the least conflict or compromise

whatsoever Pathfinder questions are like a lighthouse beacon They offer guidance without coercion The path is illuminated the obstacles are made clear but the choice is like the boat captain s whether to sail ahead full speed or not If the reader chooses to ask the pathfinder questions as a way to guide their children they will be choosing to sail full speed ahead **25**

Stilling the Mind B. Alan Wallace,2011-08-16 Across more than a millenium the lamas meditators and scholars of Tibet created a vast literature dedicated to revealing the profound truths about who we are and how we should make use of our lives Sages living in mountain caves and monastics pursuing their daily rituals used these texts to wear down their obscurations and make space for innate clarity and wisdom to manifest For those of us in the modern world with hectic lives however such teachings from another time and place can be nearly impenetrable To approach them we need a guide a helping hand from someone who is like ourselves but who has spent years learning the ins and outs of the sometimes secretive world of Tibetan Buddhist practice Bestselling author and former Buddhist monk Alan Wallace is one such guide With his trademark enthusiasm and keen intelligence he introduces us here to one of the most cherished works of the Nyingma school of Tibetan Buddhism Dudjom Lingpa's Vajra Essence Written in the nineteenth century the Vajra Essence presents the practice of Dzokchen the Great Perfection the highest of all the meditation traditions and its contents have only been revealed to those with the requisite training With permission from his teachers Alan reveals here the work's opening section which presents the methods for calming the mind and bringing it to a state of effortless concentration the practice of shamatha In his earlier book The Attention Revolution Alan guided readers through

the stages of shamatha step by step Here he uses the wisdom of the Dzokchen teachings to open up this practice into a space of freedom from hope and fear He makes obscure concepts intelligible to contemporary readers and allows us to glimpse the profound realizations of a great spiritual adept *The Bodhisattva Question* Elisabeth Vreede, Michael Frensch, 1989

Guide to the Bodhisattva's Way of Life Volume 6, [The Bodhisattva's Brain](#) Owen Flanagan, 2013-09-13 This fascinating introduction to the intersection between religion neuroscience and moral philosophy asks Can there be a Buddhism without karma nirvana and reincarnation that is compatible with the rest of knowledge If we are material beings living in a material world and all the scientific evidence suggests that we are then we must find existential meaning if there is such a thing in this physical world We must cast our lot with the natural rather than the supernatural Many Westerners with spiritual but not religious inclinations are attracted to Buddhism almost as a kind of moral mental hygiene But as Owen Flanagan points out in *The Bodhisattva's Brain* Buddhism is hardly naturalistic In *The Bodhisattva's Brain* Flanagan argues that it is possible to discover in Buddhism a rich empirically responsible philosophy that could point us to one path of human flourishing Some claim that neuroscience is in the process of validating Buddhism empirically but Flanagan naturalized Buddhism does not reduce itself to a brain scan showing happiness patterns Buddhism naturalized as Flanagan constructs it offers instead a fully naturalistic and comprehensive philosophy compatible with the rest of knowledge a way of conceiving of the human predicament of thinking about meaning for finite material beings living in a material world **Buddhist**
