Project Management has long been the reference of choice for outstanding coverage of the basic principles and concepts of project management. Now with the Project Management Maturity Model PMMM detailed in this new book, Kerzner has developed a unique industry validated tool for helping companies assess their progress in integrating project management throughout their organization. Strategic Planning for Project Management Using a Project Management Maturity Model begins by examining the principles of strategic planning and how they relate to project management. The second part of the book introduces the PMMM detailing the five different levels of development for achieving maturity along with benchmarking instruments for measuring an organization's progress along the maturity curve. These assessment tools can easily be customized to suit individual companies, a particularly valuable feature of the model. Offering vital guidance for making project management a strategic tool for competitive advantage, this book helps managers, engineers, project team members, business consultants, and others build a powerful foundation for company improvement and excellence. **Manual of**

Museum Exhibitions Barry Lord, Maria Piacente, 2014-04-07 The Manual of Museum Exhibitions is a comprehensive practical guide to the entire process of planning, designing, producing, and evaluating exhibitions for museums of all kinds. The second edition explores the exhibition development process in greater detail, providing the technical and practical methodologies museum professionals need today. Project Management Workbook and PMP / CAPM Exam Study Guide
