Higgs Force Nicholas Mee, 2012 Higgs Force tells the dramatic story of how physicists produced their modern understanding of the Cosmos by unlocking the secrets of matter Physicists believe that the universe began in a state of perfect symmetry As the universe expanded and the temperature fell much of this symmetry was lost in an all encompassing transformation We see the results all around us the evolution of a complex and dynamic universe supporting the existence of sentient life Deep beneath the Franco Swiss border CERN with the mighty Large Hadron Collider is seeking the ultimate confirmation of these ideas the elusive Higgs particle known to some as the God Particle *The Lyre of Orpheus* Christopher Partridge, 2014 The study of religion and popular culture is an increasingly significant area of scholarly inquiry Surprisingly however Christopher Partridge's *The Lyre of Orpheus* is the first general introduction to the subject of religion and popular music His aim in this book is to introduce a range of theoretical and methodological perspectives to be used in the study of religion and popular music and popular music subcultures He addresses a range of issues from postcolonialism to postmodernism from sex to drugs from violence to the demonic and from misogyny to misanthropy Part One provides a general overview of the history of popular music scholarship and the key approaches that have been taken Part Two looks at approaches from the perspectives of theology and religious studies examining key themes relating to particular genres and subcultures Part Three narrows the focus and examines key artists and bands mentioned in Part Two including Elvis Bob Dylan Madonna and Björk Written to be accessible to the undergraduate *The Lyre of Orpheus* will also appeal to general readers interested in the role of religion in our culture *The Cambridge Companion to Krautrock* Uwe Schütte, 2022-10-27 This Companion is the first academic introduction to the 1960s 70s Krautrock movement of German experimental music that has long attracted the attention of the music press and fans in Britain and abroad It offers a structured approach to this exceptionally heterogeneous and decentralized movement combining overviews with detailed analysis and close readings The

volume first analyzes the cultural historical and economic contexts of Krautrock's emergence. It then features expert chapters discussing all the key bands of the era including Can, Kraftwerk, Tangerine Dream, Neu!, Faust, Ash Ra Tempel, Cluster, and Amon Dü II. The volume concludes with essays that trace the varied, wide-ranging legacy of Krautrock from a variety of perspectives, exploring in particular the impact of German experimental music in the Anglosphere, including British post-punk and Detroit Techno. A final chapter examining the current bands that continue the Krautrock sound closes this comprehensive overview of the Krautrock phenomenon.

Miracula Paul Chrystal, 2025-04-12 Occasionally scandalous and always fascinating, a cornucopia of surprising and little-told yarns from the classical world. Both humorous and shocking, *Miracula* is filled with astonishing facts and stories drawn from ancient Greece and Rome that have rarely been retold in English. It explores the incredible as presented by little-known classical writers like Callimachus and Phlegon of Tralles. Yet it offers much more: even familiar authors such as Herodotus and Cicero often couldn't resist relating sensational, tabloid-worthy tales. The book also tackles ancient examples of topics still relevant today, such as racism, slavery, and misogyny. The pieces are by turns absorbing, enchanting, curious, unbelievable, comical, astonishing, disturbing, and occasionally just plain daft. An entertaining and sometimes lurid collection, this book is perfect for all those fascinated by the stranger aspects of the classical world, for history enthusiasts, and for anyone interested in classical history, society, and culture.

The Last Summer of the Water Strider Tim Lott, 2015-06-18 A captivating 1970s-set novel that is both a coming-of-age and an End-of-an-Age story about love, the lure of idealism, innocence, and decadence. Adam is seventeen, the only son of straitlaced, cautious Ray and Evie. Life is slow, unbearably routine in their low-rise council block in the London suburbs, until tragedy strikes, leaving Adam unhinged with grief. Rejecting any consolation at home, Adam is sent to spend the long, hot 1970s summer with Ray's unlikely brother, the enigmatic Dr. Henry Templeton, guru and spiritual teacher. With few possessions and even fewer ambitions for his future, Adam arrives at his uncle's houseboat in the West Country. Henry is charismatic, unfamiliar, full of eccentric ideas and projects. As the summer unspools, Adam meets first Strawberry, an ethereal American girl living in a shack in the woods, and then Ashley, whose father, the local vicar, is locked in conflict with Henry and his circle's alternative way of life. While Adam falls under the spell of pretty, knowing Ashley, Henry sets on pursuing his personal vision, unbendingly seals the shocking fate of Strawberry, Adam, and ultimately himself. I was very moved by *The Last Summer of the Water Strider*, which is both exquisitely specific to time and place and universal in its examination of humanity, grief, and the bizarre prisons that people build for themselves and one another. Funny, fascinating, mysterious, and provocative. Sadie Jones, author of *The Outcast*. Great storytelling and superb characterisation. Very few writers can evoke quintessential Englishness in its myriad forms like Tim Lott. I loved it. Irvine Welsh.

To Hell with Poverty! Jon King, 2025-04-15 From Jon King, legendary front man of iconic post-punk band Gang of Four, comes a memoir to remember. *TO HELL WITH POVERTY* documents King's story from a south London slum and working-class background to international success as core musician.

lyricist writer and producer in the legendary post punk funk band Gang of Four King's memoir takes the reader on an episodic journey full of raucous adventures from his childhood and teenage years to the height of Gang of Four's success in the seventies and eighties Thrown off Top of the Pops truncheoned by police at an anti Nazi rally coming of age in the heart of the Leeds music scene and the UK post punk movement mingling with Hells Angels and other undesirables supported by bands like R E M and playing with the likes of the Police Iggy Pop and the Buzzcocks King's time with Gang of Four is rich with jaw dropping stories Evocative fast paced and witty To Hell with Poverty is a music memoir for the ages Gang of Four's Entertainment LP is consistently ranked as one of the greatest debut albums of all time and continues to inspire new generations of musicians today The band has influenced many artists from the Red Hot Chili Peppers Nirvana and INXS to 2025 era Frank Ocean the Idles and hip hop giants Run the Jewels Gang of Four have been championed by the likes of Flea Sofia Coppola Massive Attack Damien Hirst Greil Marcus and many more Imagining Marketing Stephen Brown,Anthony Patterson,2001-02-01 Imagination is a word that is widely used by marketing practitioners but rarely examined by marketing academics This neglect is largely due to the imagination's artistic connotations which run counter to the scientific mindset that dominates marketing scholarship Of late however an artistic turn has taken place in marketing research and
