With those opening words, Borough Johnson takes a creative step forward demonstrating how to draw the human figure with shading and texture using pencil, chalk, and charcoal. In easy-to-follow terms, he explores the most important aspects of drawing the human form: anatomy, proportion, composition, motion, drawing from memory, and capturing emotion with an economy of line. He also offers eighty-two of his own compositions in black and white, subjects that include a ballerina, fencer, gypsies, violinist, children playing, and more to illustrate his lessons. Eight color plates, red chalk drawings, are also included.
