society famous for its sophistication and complexity into a one party state directed at war and race hate Richard J Evans shows how the Nazis won over the hearts and minds of German citizens twisted science religion and culture and transformed the economy education law and order to achieve total dominance in German politics and society Drawing on an extraordinary range of research blending narrative description and analysis he creates a picture of a dictatorship consumed by visceral hatreds and ambitions and driven by war The Third Reich Time-Life Books,1990 Chronicles the rise and eventual fall of Nazi Germany with their invasion of the Soviet Union Nazi History and the Holocaust ,1999 **The Coming of the Third Reich** Richard J. Evans,2012-08-09 Richard Evans brilliant book unfolds perhaps the single most important story of the 20th century how a stable and modern country in less than a single lifetime led Europe into moral physical and cultural ruin and despair A terrible story not least because there were so many other ways in which Germany s history could have been played out With authority skill and compassion Evans recreates a country torn apart by overwhelming economic political and social blows the First World War Versailles hyperinflation and the Great Depression One by one these blows ruined or pushed aside almost everything admirable about Germany leaving the way clear for a truly horrifying ideology to take command
