The Complete Trilogy Aaron Hodges, 2020-05-29 In a world where progress has stifled the very essence of human evolution a terrifying future waits The year is 2051 and the Western Allied States have emerged as the dominant power in North America However a sinister plague is spreading like wildfire transforming its victims into something unimaginable The call them the Chead and where they walk destruction follows Across the nation the search for a cure becomes paramount As fear tightens its grip the government's ironclad control grows thriving on obedience and conformity In this treacherous landscape eighteen year old Chris a seemingly ordinary young man believes in the illusion of safety Until the night they come for him Branded a traitor Chris is abducted and taken to a clandestine facility deep in the Californian mountains There he becomes an unwilling subject in a diabolical experiment aimed at reshaping humanity The odds of emerging unscathed are slim But death is a privilege reserved for the fortunate few Can Chris overcome his new reality and find a glimmer of hope in the darkness Or will he succumb to the merciless powers that threaten to consume him and everything else in this grim world

Oathbreaker Aaron Hodges, 1900 A century since the departure of the Gods the Three Nations are now united beneath the Tsar Magic has been outlawed its power too dangerous to remain unchecked All Magickers must surrender themselves to the crown or face imprisonment and death Alana's mundane life has just been torn apart by the emergence of her brother's magic Now they must leave behind everything they've ever known and flee before the Tsar's Stalkers pick up their trail Tasked with hunting down renegade Magickers the merciless hunters will stop at nothing to bring them before the Tsar's judgement As the noose closes around Alana and her brother disgraced hero Devon finds himself at odds with the law when he picks a fight with the wrong man The former warrior has set aside his weapons but now caught between the renegades and the Stalkers he is forced to pick a side the empire or the innocent An original epic fantasy book with dragons gods and magic packed with action adventure swords and sorcery by New York Times Bestselling Author Aaron Hodges **The Knights of Alana** Aaron Hodges, 1900 When Knights attack the town of Skystead seventeen year old Pela is the only one to escape Her mother and the other villagers are taken accused of worshiping the False Gods They will pay the ultimate price unless Pela can rescue them Pela has never left the safety of her town let alone touched a sword What chance does she have
