Strangers To Fire When Tradition Trumps Scripture:

Strangers to Fire Robert Graves, 2016-11-01 This is an anthology of 35 essays edited by Robert W Graves President of The Foundation for Pentecostal Scholarship written by 26 authors of the Pentecostal Charismatic and Third Wave movements or non cessationists of traditional denominations responding to John F MacArthur's Strange Fire or cessationism and the abuse of the charismata in general Foreword by J Lee Grady Authors include Wayne Grudem Jack Deere Craig Keener Jon Ruthven Sam Storms Doug Oss Mel Robeck Paul Elbert Randy Clark Robert Menzies J P Moreland Gary Greig Mark Rutland Gary Shogren William De Arteaga William K Kay and Melvin Hodges *Theologizing in the Radical Middle* Ryun H. Chang, 2018-09-17 This book doesn't endorse any systematic theology rather it's about how we theologize Why do two equally trained theologians studying the same book and loving the same Lord arrive at such different conclusions This theological disagreement at times becoming personal spills over from the academia to seminaries and churches And if history is any indicator this always weakens the unity of the church Who needs unity when correct doctrines are at stake right But is the defense of all doctrines worth foregoing the unity of the church despite Jesus prayer that they may be one even as we are one At bottom our theological contentiousness stems from not recognizing that the way biblical revelation is framed is not designed to be handled the way seminaries typically do Regardless we strive for the rightness of our tidy theology even disowning those who disagree while doing so The disavowal of continuationists by the Strange Fire crowd is the most recent instance in a long line of placing doctrinal purity over the unity of the body This book uncovers how Scripture is really structured and how therefore we need to theologize differently so that we may grow spiritually in Word and Spirit

Praying in the Spirit Robert Graves, 2017-02-24 Is having a prayer language scriptural today If it's a legitimate gift from God should I actually ask Him for it Praying in the Spirit is a book on the New Testament gift of glossolalia Robert W Graves shows the uses of prayer language in devotions intercession praise and worship Through biblical teaching and straightforward **Essentials of Pentecostal Theology** Tony Richie, 2020-01-20 Only a few decades past academia tended to scoff at the very idea of serious Pentecostal theology Today profound and variegated theological implications of this dynamic movement are the object of exploration and development across the entire spectrum of the Christian theological corpus Arguably an acute need has arisen for identification and evaluation of the Pentecostal movement's original and ongoing theological essentials What is Pentecostal theology really all about anyway This volume realizes that Pentecostal theology is at its heart a working theology undergirding and energizing believers worship of God in prayer and praise in holy living and in witness to a personal experience of the risen Lord and Savior manifested in the continuing power of the Holy Spirit Authentic implementation if not explicit articulation of fervent Pentecostal theology often occurs in the vitality of local churches house fellowships and various mission settings in America and around the world Birthed in the fires of revival movements essential Pentecostalism including Pentecostal theology continues to burn brightest wherever it is fueled most

directly *Renewal Apologetics* Christopher J. Wilson, 2019-12-09 Why do you believe in God Why do you believe in the Bible Why do you believe in miracles These are questions that Christians are often asked by sceptics The field of apologetics attempts to provide rational answers to these and other questions Unfortunately apologetical answers to these questions are often abstract and philosophical However the Christian apologist evangelist has a much more powerful argument in their arsenal the argument from miracles Miracles are the original Christian apologetic It was through the witnessing of miracles that Christianity was originally spread By applying modern tools of philosophical inquiry and scientific methodology Wilson is able to establish a core set of miracles which defy naturalistic explanations and strongly point toward occurrences of Special Divine Action SDA However once these occurrences are proven to be genuine miracles several questions remain Why does God sometimes perform miracles Why does he often answer no How do these random acts fit into his overall plans of redemption By answering these and other questions Wilson develops a comprehensive apologetic for both Christianity in general and the Renewal Movement in particular
