The Way of Discipleship Anthony J. Gittins,2016 Vatican II's famous declaration that the church on earth is by its very nature missionary has often been taken out of context and used to support all manner of church initiatives But the conclusion of the statement since it has its origin in the mission of the Son and the Holy Spirit is of monumental importance In The Way of Discipleship theologian Anthony Gittins describes the eternal mission of the Trinity historically brought down to earth in the ministry of Jesus and then continued to the ends of the earth by those called and sent as disciples throughout future generations Gittins explains that Christian discipleship must be the living out of Jesus' own example in many different times and places He encourages people of all ages to follow the invitation of Jesus to be missionary disciples The Way of Discipleship explores several New Testament examples of Jesus' call and commissioning distills the principles involved and then recontextualizes the stories so that they pose a direct challenge to disciples today In this way Gittins builds up a picture both of the Way of Jesus himself and of the way today's disciples can loyally follow his call to mission **A Disciple's Path**

[Accelerating Human Evolution by Theosophical Initiation](#) Yves Mühlematter, 2022-12-19 The main subjects of analysis in the present book are the stages of initiation in the grand scheme of Theosophical evolution These initiatory steps are connected to an idea of evolutionary self development by means of a set of virtues that are relative to the individual's position on the path of evolution The central thesis is that these stages were translated from the Hindu tradition to the Theosophical tradition through multifaceted hybridization processes in which several Indian members of the Theosophical

Society partook Starting with Annie Besant's early Theosophy the stages of initiation are traced through Blavatsky's work to Manilal Dvivedi and T Subba Row both Indian members of the Theosophical Society and then on to the San tana Dharma Text Books In 1898 the English Theosophist Annie Besant and the Indian Theosophist Bhagavan Das together founded the Central Hindu College Benares which became the nucleus around which the Benares Hindu University was instituted in 1915 In this context the San tana Dharma Text Books were published M hlematter shows that the stages of initiation were the blueprint for Annie Besant's pedagogy which she implemented in the Central Hindu College in Benares In doing so he succeeds in making intelligible how esoteric knowledge was transferred to public institutions and how a broader public could be reached as a result The dissertation has been awarded the ESSWE PhD Thesis prize 2022 by the European Society for the Study of Western Esotericism *Centering Discipleship* E. K. Strawser, 2023-04-26 The church often lacks maturity and missional impact because discipleship is at its periphery To get discipleship to the center leaders need a locally rooted culturally contextual discipleship pathway This gutsy practice based guidebook is for leaders doing the hard work turning spectators into missional mature followers of Jesus
