The Milner Group's history in Canada from its relationship to Canadian prime ministers of the first half of the twentieth century to its probable impact on modern cultural policy and government. Both British and American strands of the group are explored with a study of some of the prominent early members, their philosophies, and their strategic influence on events and our lives. This book includes the final interview with the late Svetlana Gouzenko who, along with her husband Igor, fled to Canada from the Soviet Union in 1945. The information they brought with them revealed massive Soviet espionage in the West and helped trigger the Cold War. A few of Stephenson's former British Security Coordination (BSC) agents tell their story for the first time, and the organization's major area of accomplishment, World War II communications, the genesis of the so-called Five Eyes agreement, is explained. Meticulously researched and engagingly written, *Intrepid's Last Secrets* presents a unique, fascinating, and ultimately deeply chilling take on modern history. **The Unseen Hand** A. Ralph Epperson, 1985. It is the contention of the author that the major events of the past—the wars, the depressions, and the revolutions—have been planned years in advance by an international conspiracy. Page 4 of cover. [Progress Or Collapse](#) Roberto De Vogli, 2013. In *Progress or Collapse*, Roberto De Vogli guides us through the multiple converging global crises of economic progress. He explores the connections between the environmental crisis and the psychological, social, cultural, political, and economic emergencies affecting modern societies. It is not a coincidence, the author argues, that global ecological destruction is occurring in tandem with other crises: rising mental disorders, mindless consumerism, rampant conformism, status competition, civic disengagement, startling social inequalities, global financial instability, and widespread political impasse. **New World War** Mark M. Rich, A silent war is taking place in cities all over the planet. It is covered up by the media, mental health system, NGOs, and our elected officials. Now that the financial elite are finished using the US military and allied forces to conquer nations in their quest for global domination, they're neutralizing individuals and groups of resisters who live among the people. To do this, they have recruited a major portion of the civilian population, which is used as a surrogate force to persecute those who have been identified as enemies. As part of the same agenda, the security forces are conducting psychological operations on civilians and torturing them with directed energy weapons. The entire operation is in service to some very wealthy psychopaths who rule our society as part of a global revolution intended to result in a planetary dictatorship known as the New World Order.
