Speculative Communities Aris

Komporozos-Athanasiou,2022-01-17 In *Speculative Communities* Komporozos Athanasiou examines the ways that financial speculation has moved beyond markets to shape fundamental aspects of our social and political lives As ordinary people make exceptional decisions such as the American election of a populist demagogue or the British vote to leave the European Union they are moving from time honored and tested practices of governance toward the speculative promise of a different kind of future Even our methods of building community have shifted to the speculative realm as social media platforms enable and amplify alternative visions of the present and future these are the speculative communities that now shape our personal and political realities For Komporozos Athanasiou to speculate means increasingly to connect to endorse uncertainty preemptively and often daringly as a means of social survival Finance has thus become the model for society writ large These financial systems have taken a notable turn in our current era however Contemporary capitalism sees the risk taking entrepreneurial person being refashioned as a politically disoriented speculative subject who embraces the future s radical uncertainty rather than averting it As Komporozos Athanasiou shows virtual marketplaces new social media and dating apps function as finance s speculative infrastructures leading to a new type of imagination across economy and society
