Understanding Public Debates Jens Martin Gurr, 2024-06-20 By historicizing and contextualizing them through readings of carefully selected literary texts literary studies can contribute to understanding and rationalizing key debates waged in many pluralist societies today whether on different conceptions of liberty identity politics historical commemoration challenges of globalization or responses to climate change Understanding Public Debates presents case studies including Milton s Paradise Lost P B Shelley s 1820 Reform essay Philip Roth s The Human Stain the songwriting of Neil Young and Edward Young s 1720s Sea Odes recent climate fiction as well as non literary conflict narratives Rather than mining texts for arguments for or against certain positions this book is interested in how texts stage these debates by means of multiple perspectives narrative situations or ambiguities By suggesting how educators might use literary texts as conversation starters for more rational debates the volume also contributes to Public Literary Studies Three important fields are here brought together 1 the study of societal debates and conflicts and the ways in which they challenge pluralist societies 2 explorations of the societal functions of literature and of non literary narratives and 3 discussions of the role and functions of literary studies The book ends with ten crisp theses on how literary studies can contribute to understanding and rationalizing such conflictive debates

The Near Future in Twenty-First-Century Fiction David Sergeant, 2022-12-22 A growing awareness of climate change and looming planetary crisis has put unprecedented pressure on the near future leading to an increasing amount of fiction being set there But what do these disparate works have in common other than their temporal setting And what can the imagination of the near future tell us about where we live now The Near Future in 21st Century Fiction ranges across novels and films to reveal how our contemporary near future splits between two divergent paths One seeks to retreat from climate change and the disruption it threatens to affluent lifestyles the other tries to imagine new forms of community and

Dancing Gargoyles Tara Campbell,2024-09-03 In the parched post apocalyptic Western U S of the 22nd Century wolves float bonfires sing and devils gather to pray Water and safety are elusive in this chaotic world of alchemical transformations where history books bleed dragons kiss and gun toting trees keep their own kind of peace Among this menagerie of strange beasts two sentient stone gargoyles known only as E and M flee the rubble of their Southwestern church in search of water

Along the way they meet climate refugees Dolores Baker and her mother Rose who've escaped the ravaged West Coast in search of a safer home. This quartet forms an uneasy alliance when they hear of a new hope: a mysterious city of dancing gargoyles. Or is it something more sinister? In this strange, terrible new world, their arrival at this elusive city could spark the destruction of everything they know. Tara Campbell summons fantastical magic in this kaleidoscopic new speculative climate fiction.

Eternal Summer Franziska Gänslér, 2025-05-06

Set in a German spa town wracked by climate change, this intense, enthralling debut explores trust, abuse, and solidarity through the unexpected bond between two women. When Iris took over the family hotel from her grandfather, Bad Heim was still a popular spa town. But now, fierce wildfires rage in the area, spewing smoke into the air. The summers are dry and hot and never seem to end. Guests have become a rare sight. But suddenly, a young mother shows up with her small daughter and asks for a room. Something doesn't seem right about her. Does she need help? Or even pose a threat? Franziska Gänslér's debut conjures up the heat of the fires, the ashes falling on skin, and the all-pervading smell of smoke. Yet you will want to stay with these women in this inhospitable place as they draw closer together and prepare to fight for their freedom.
