Citizens of a Christian Nation Derek Chang, 2011-07-11 In America after the Civil War the emancipation of four million slaves and the explosion of Chinese immigration fundamentally challenged traditional ideas about who belonged in the national polity As Americans struggled to redefine citizenship in the United States the Negro Problem and the Chinese Question dominated the debate During this turbulent period which witnessed the Supreme Court's Plessy v Ferguson decision and passage of the Chinese Exclusion Act among other restrictive measures American Baptists promoted religion instead of race as the primary marker of citizenship Through its domestic missionary wing the American Baptist Home Missionary Society Baptists ministered to former slaves in the South and Chinese immigrants on the Pacific coast Espousing an ideology of evangelical nationalism in which the country would be united around Christianity rather than a particular race or creed Baptists advocated inclusion of Chinese and African Americans in the national polity Their hope for a Christian nation hinged on the social transformation of these two groups through spiritual and educational uplift By 1900 the Society had helped establish important institutions that are still active today including the Chinese Baptist Church and many historically black colleges and universities Citizens of a Christian Nation chronicles the intertwined lives of African Americans Chinese Americans and the white missionaries who ministered to them It traces the radical religious and nationalist ideology of the domestic mission movement examining both the opportunities provided by the egalitarian tradition of evangelical Christianity and the limits imposed by its assumptions of cultural difference The book further explores how blacks and Chinese reimagined the evangelical nationalist project to suit their own needs and hopes Historian Derek Chang brings together for the first time African American and Chinese American religious histories through a multitiered local regional national and even transnational analysis of race nationalism and evangelical thought and practice

Politics and Piety Aaron Menikoff, 2014-05-29 Historians have painted a picture of nineteenth century Baptists huddled in clapboard meetinghouses preaching sermons and singing hymns seemingly unaware of the wider world According to this view Baptists were so heavenly minded they were of no earthly good Overlooked are the illustrative stories of Baptists fighting poverty promoting abolition petitioning Congress and debating tax policy Politics and Piety is a careful look at antebellum Baptist life It is seen in figures such as John Broadus whose first sermon promoted temperance David Barrow who formed an anti slavery association in Kentucky and in a Savannah church that started a ministry to the homeless Not only did Baptists promote piety for the good of their churches but they did so for the betterment of society at large Though they aimed to change America one soul at a time that is only part of the story They also engaged the political arena forcefully and directly Simply put Baptists were social reformers Relying on the ideas of rank and file Baptists found in the minutes of local churches and associations as well as the popular parochial newspapers of the day Politics and Piety uncovers a theologically minded and controversial movement to improve the nation Understanding where these Baptists united and divided is a key to unlocking

the differences in evangelical political engagement today

Treason to Whiteness Is Loyalty to Humanity Noel Ignatiev, 2022-06-28 A new collection of essays from the bomb throwing intellectual who described the historical origins and evolution of whiteness and white supremacy and taught us how we might destroy it For sixty years Noel Ignatiev provided an unflinching account of whiteness a social fiction and an unmitigated disaster for all working class people This new essay collection from the late firebrand covers the breadth of his life and insights as an autodidact steel worker a groundbreaking theoretician and a bitter enemy of racists everywhere In these essays Ignatiev confronts the Weather Underground and recounts which strategies proved most effective to winning white workers in Gary Indiana to black liberation He discovers the prescient political insights of the nineteenth century abolition movement surveys the wreckage of the revolutionary twentieth century with C L R James and attends to the thorny and contradictory nature of working class consciousness Through it all our attentions are turned to the everyday life of ordinary people whose actions anticipate a wholly new society they have not yet recognized or named In short Ignatiev reflects on the incisive questions of his time and ours How can we drive back the forces of racism in society How can the so called white working class be won over to emancipatory politics How can we build a new human community

Thinking With the Church Derek C. Hatch, 2017-12-08 Over the centuries Baptists have labored to follow Christ in faithful devotion and service More recently they have occasionally partnered with fellow Christians from other traditions in these efforts while learning from each other along the way In *Thinking With the Church* Derek Hatch argues that Baptists need to follow the same pattern when it comes to their theological reflection engaging the wisdom of all Christian pilgrims across time This will require a new theological method ressourcement that embraces Baptists place within the Great Tradition of the Christian faith Such work will not abandon long held Baptist convictions but offers resources for renewing Baptists theological vision as they participate in the fullness of the mystical body of Christ

The changing face of VR: Pushing the boundaries of experience across multiple industries Jordan Frith, Michael Saker, 2022-09-20 VR occupies an interesting place in the media ecosystem On the one hand it is an emerging cutting edge technology backed by billions of USD by major corporations On the other hand VR is older than the World Wide Web and older than social

networking sites After many years of hype and unfulfilled potential VR is now finally on the precipice of widespread adoption and has begun to be used in novel ways throughout various industries This edited collection brings together a diverse group of authors to analyse the current state of VR while recognizing that these many different use cases will likely become even more important with the increased investment in the technology To examine the current state of VR across multiple sites and industries we compiled a group of practitioners and academics to both examine VR practices and theorize new uses of VR The book also focuses on an inclusive analysis and includes authors from South America North America Europe Australia and Asia and the topics range from analyses of VR use in live events to the ethics of nature based VR apps to the social practices involved in using public VR at museum exhibits As we argue in the introduction this book is one of the first to bring together authors from different backgrounds and disciplines to chart just how widely VR has already spread And maybe most importantly the topics covered in this book will only become more relevant as VR continues to grow especially in the wake of the growth of the supposed Metaverse

Weaving the American Catholic Tapestry Derek C. Hatch, Timothy R. Gabrielli, 2017-03-28 Concerned that American Catholic theology has struggled to find its own voice for much of its history William Portier has spent virtually his entire scholarly career recovering a usable past for Catholics on the U S landscape This work of ressourcement has stood at the intersection of several disciplines and has unlocked the beauty of American Catholic life and thought These essays which are offered in honor of Portier s life and work emerge from his vision for American Catholicism where Scripture tradition reason and experience are distinct but interwoven and inextricably linked with one another As this volume details such a path is not merely about scholarly endeavors but involves the pursuit of holiness in the real world
