Slime Dynamics By Woodard Ben 2012 Paperback:

Slime Dynamics Ben Woodard, 2012-09-28 Despite humanity's gradual ascent from clustered pools of it, slime is more often than not relegated to a mere residue, the trail of a verminous life form, the trace of decomposition or an entertaining synthetic material, thereby leaving its generative and mutative associations with life neatly removed from the human sphere of thought and existence. Arguing that slime is a viable physical and metaphysical object necessary to produce a realist bio-philosophy void of anthropocentricity, this text explores nature-philosophie, speculative realism, and contemporary science hyperbolic representations of slime found in the weird texts of HP Lovecraft and Thomas Ligotti, as well as survival horror films, video games, and graphic novels in order to present the dynamics of slime not only as the trace of life but as the darkly vitalistic substance of life.

The Ecology of Italian Science Fiction Marco Malvestio, **Weaponising Speculation** Caoimhe Doyle, 2014 This book contains the proceedings from Weaponising Speculation, a two-day conference and exhibition that took place in Dublin in March 2013. Weaponising Speculation was organised by D U S T Dublin Unit for Speculative Thought and aimed to be an exploration of the various expressions of DIY theory operative in the elsewheres, the shafts and tunnels of the para-academy. The topics covered all come under the welcoming embrace of speculation, spanning a broad range from art philosophy, nature fiction, and computation to spiders, culinary cosmology, and Oscar the Grouch. The book itself aims to be more than just a collection of essays and catalogue of artworks but also a documentation of the event as a whole. An object that both those present at the event and those who missed it would want to own, bringing something new to both sets of readers.

Horrors of a Voice (object a) Tristram Adams, 2024-07-11 This book reframes the Lacanian object a, a voice, as a horrific register of alterity. The object gaze has received as it does in Jacques Lacan's work more commentary than voice. Yet recently, voice has garnered interest from multiple disciplines. The book intervenes in the Slovenian school's commentary of the object voice in terms of two questions: audition and corporeality. This intervention synthesizes psychoanalysis with recent theorizing of the horror of philosophy. In this intervention, the object a, a voice, is argued to resonate in lacunae, epistemological voids that evoke horror in the subject. Biological and evolutionary perspectives on voice, genre, horror film, and literature, music videos, close readings of Freudian and Lacanian case studies, and textual analysis of ancient philosophy texts all contribute to an elucidation of the horrors of the object a, a voice. Revolutionary Demonology Gruppo di Nun, 2023-04-11 An anthology of occult resistance, unpredictable and fascinating at times, hallucinatory, sully-ing politics, philosophy, cybertheory, religion, and music. The End Times are here. The Digital Middle Ages approaches the plague, reaps its deadly harvest, climate apocalypse is around the corner, and fanaticism, fascism, and madness are rampant. The idea that we might gain the upper hand over the dark abyss into which the planet is tumbling is a form of magical thinking, laboring under the delusion that we can subdue eternity with relentless bloodlust, brutish exploitation, abuse of power, and violence. Revolutionary Demonology responds to this ritual of control, typical of what esoteric tradition calls the Dogma of the

Right Hand by reactivating the occult forces of a Left Hand Path that strives for the entropic disintegration of all creation so as to make peace with the darkness and nourish the Great Beast that will finally break the seals of Cosmic Love Unpredictable and fascinating genuinely bizarre at times hallucinatory sully politics philosophy cybertheory religion and music alike with its fevered touch this anthology of occult resistance collects together the communiqués of an arcane group who are already being hailed as the first morbid blossoming of Italian Weird Theory a rogue contingent of theorists witches and sorcerers who heretically remix gothic accelerationism with satanic occultism and insurrectional necromancy
