Smart Serve Cheat Sheet 2013:

The Palgrave Handbook of Service Management Bo Edvardsson, Bård Tronvoll, 2022-05-24 This handbook provides an innovative thorough overview of service management. It draws together an impressive international group of leading scholars who offer a truly global perspective exploring current literature and laying out guidance for future research. Beginning with defining service as a perspective on value creation and service management as a set of organizational competencies for enabling and realizing value creation through service, it then moves on to follow the evolution of service research. From there, the book is structured into six main themes: perspectives on service management, service strategy, service leadership and transition, service design and innovation, service interaction, quality and operations, and service management and technology. This book is valuable reading for academics, lecturers, and students studying service management, operations management, and service research.

Operations Research Proceedings 2015 Karl Franz Dörner, Ivana Ljubic, Georg Pflug, Gernot Tragler, 2017-03-07 This book gathers a selection of refereed papers presented at the International Conference on Operations Research OR2015, which was held at the University of Vienna, Austria, September 1-4, 2015. Over 900 scientists and students from 50 countries attended this conference and presented more than 600 papers in parallel topic streams, as well as special award sessions. Though the guiding theme of the conference was Optimal Decision and Big Data, this volume also includes papers addressing practically all aspects of modern Operations Research.

The Black Box Society Frank Pasquale, 2015-01-05 Every day corporations are connecting the dots about our personal behavior, silently scrutinizing clues left behind by our work habits and Internet use. But who connects the dots about what firms are doing with all this information? Frank Pasquale exposes how powerful interests abuse secrecy for profit and explains ways to rein them in.
