Myth and Fairy Tale in Contemporary Fiction Alexandra Cheira, 2023-03-28 This volume provides more sustained critical attention on the use of myth and fairy tales in contemporary fiction both stand alone tales and those which are embedded in the wider frame of a novel or novella In this light the book examines contemporary retellings of myths and fairy tales in a productive dialogue with tradition as an extended appreciation of this productive creative and theoretical dialogue The individual chapters evince a robust variety of conceptions and approaches all thoroughly observant of the nature and workings of the relationship between story and genre and theoretically informed by innovative critical approaches Hence the volume demonstrates the undeniable importance of myth and fairy tales in contemporary fiction suggesting questions for future consideration and hopefully pointing towards new texts and new critical inquiries

Myth in the Modern Novel Liisa Steinby, 2023-03-20 Myth in the Modern Novel Imagining the Absolute posits a twofold thesis First although Modernity is regarded as an era dominated by science and rational thought it has in fact not relinquished the hold of myth a more primitive form of thought which is difficult to reconcile with modern rationality Second some of the most important statements as to the reconcilability of myth and Modernity are found in the work of certain prominent novelists This book offers a close examination of the work of eleven writers from the late eighteenth century to the beginning of the twenty first representing German French American Czech and Swedish literature The analyses of individual novels reveal a variety of intriguing views of myth in Modernity and offer an insight into the modernizing transformations myth has undergone when applied in the modern novel The study shows the presence of the subconscious the mythic layer in modern western culture and how this has been dealt with in novelistic literature

Lewis and Christian Postmodernism** Kyoko Yuasa, 2016-04-19 Employing a postmodernist literary approach this book identifies C.S. Lewis both as an antimodernist and as a Christian postmodernist who tells the story of the gospel to twentieth and twenty first century readers Lewis is popularly known as an able Christian apologetic writer talented in explaining Christian beliefs in simple logical terms But his fictional works feature expressions that erect ambiguous borders between nonfiction and fiction an approach equivalent to those typical in postmodernist literature Whereas postmodernist literature is full of many

small micronarratives that deconstruct the Great Story Lewis's fictional world is the reverse of this in his world multiple and small stories are chosen but they also ultimately express the Story that transcends human understanding Lewis's approach reflects both his opposition to modernist philosophy which embraces solidified interpretation and his criticism of modernized Christianity Lewis's fictional works focus on the history of interpretation and deconstructing interpretations of the previous age seek a new model for interpretation Both C S Lewis and postmodern writers force us to choose between alternative interpretations
