Skippping Towards Armageddon Skippping Towards Armageddon:

The Case for Zionism Thomas Ice, 2017-02-20 The modern state of Israel has been a nation for almost 70 years When she was formed and fought her early wars of existence most Bible believing Christians believed there was a real connection with what was going on in the Middle East and Bible prophecy that predicts an end time return of the Jews to their land While support for Israel remains high in most evangelical communities we are seeing the beginning of a decline especially among younger evangelicals who question whether modern Israel really relates to end time Bible prophecy The Case for Zionism attempts to bring together biblical historical and legal arguments for the legitimacy of the startup nation known as Israel as it Explains controversies such as antisemitism and Replacement Theology Details the biblical and legal rights of Modern Israel Explores the prophetic nature and future of Israel In this presentation Thomas Ice answers many of the contemporary arguments being used by both secular and religious communities to undermine what he believes is the hand of God at work in our own day

Religion of Fear Jason C Bivins, 2008-08-29 Jason C Bivins offers close examinations of several popular evangelical cultural creations including the Left Behind novels church sponsored Halloween Hell Houses Jack Chick's sensational comic tracts and anti rock and rap rhetoric and censorship Bivins depicts these fascinating and often troubling phenomena in vivid detail and shows how they seek to shape evangelical cultural and political identity

Writing the Rapture Crawford Gribben, 2009-02-02 For the past twenty years evangelical prophecy novels have been a powerful presence on American bestseller lists Emerging from a growing conservative culture industry the genre dramatizes events that many believers expect to occur at the end of the age the rapture of the saved the rise of the Antichrist and the fearful tribulation faced by those who are left behind Seeking the forces that drove the unexpected success of the Left Behind novels Crawford Gribben traces the gradual development of the prophecy fiction genre from its eclectic roots among early twentieth century fundamentalists The first rapture novels came onto the scene at the high water mark of Protestant America From there the genre would both witness the defeat of conservative Protestantism and participate in its eventual reconstruction and return providing for the renaissance of the evangelical imagination that would culminate in the Left Behind novels Yet as Gribben shows the rapture genre while vividly expressing some prototypically American themes also serves to greatly complicate the idea of American modernity assaulting some of its most cherished tenets Gribben concludes with a look at post Left Behind rapture fiction noting some works that were written specifically to counter the claims of the best selling series Along the way he gives attention not just to literary fictions but to rapture films and apocalyptic themes in Christian music Writing the Rapture is an indispensable guide to this flourishing yet little understood body of literature

More Desired than Our Own Salvation Robert O. Smith, 2013-08-01 Millions of American Christians see U S support for the State of Israel as a God ordained responsibility Robert O Smith provides an in depth look at the English Protestant tradition of Judeo centric prophecy interpretation at the heart of this popular affinity

Assessing Autoethnography Andrew F.

Herrmann, Tony E. Adams, 2024-08-13 Assessing Autoethnography provides readers with multiple ways to analyze autoethnographies and other forms of personal narrative writing Given the proliferation of such forms across academic contexts the book offers a guide of what autoethnography is why it matters and how to do it Taking each of the three parts of auto ethno and graphy in detail Herrmann and Adams provide criteria and points of discussion to ensure robust assessment of an autoethnographic work as a whole Every chapter is accompanied with exemplars and considers issues such as ethics storytelling and good writing The book discerns the kinds of personal experiences that often work best for autoethnographic projects and provide ways to evaluate fieldwork interviews and representations Written by two experts in the field Assessing Autoethnography offers guidance to scholars and dissertation advisors across diverse disciplines in producing autoethnographic work and utilizing autoethnographic methods The book will be of interest to researchers in the fields of Communication Studies Education Sociology Women s and Gender Studies Critical Race Studies Mass Communication English and other related disciplines *Evangelical Millennialism in the Trans-Atlantic World, 1500-2000 C.*

Gribben, 2015-12-04 This book offers the first complete overview of the intellectual history of one of the most significant contemporary cultural trends the apocalyptic expectations of European and American evangelicals in an account that guides readers into the origins its evolution and its revolutionary potential in the modern world **Reading Revelation**

Responsibly Michael J. Gorman, 2011-01-01 Reading Revelation Responsibly is for those who are confused by afraid of and or preoccupied with the book of Revelation In rescuing the Apocalypse from those who either completely misinterpret it or completely ignore it Michael Gorman has given us both a guide to reading Revelation in a responsible way and a theological engagement with the text itself He takes interpreting the book as a serious and sacred responsibility believing how one reads teaches and preaches Revelation can have a powerful impact on one s own and other people s well being Gorman pays careful attention to the book s original historical and literary contexts its connections to the rest of Scripture its relationship to Christian doctrine and practice and its potential to help or harm people in their life of faith Rather than a script for the end times Gorman demonstrates how Revelation is a script for Christian worship witness and mission that runs counter to culturally embedded civil religion *Three Perspectives: Jewish, Christian, and Muslim* Steven H. Propp, 2009-12-30

Youre Jewish arent you This blunt question is the way that college freshman Richard Cohn is introduced to an outspoken fellow student named Dov Epstein who calls himself a Messianic Jew and believes that God has a special purpose for the Jewish people in these Last Days Raised by secular Jewish parents Richard is completely oblivious to his own Jewish background until this ongoing dialogue forces him to confront his own heritage The two young men vigorously argue with each other over the interpretation of the Hebrew Bible particularly its reputed predictions of a Messiah Christian doctrines such as the Trinity and most significantly about the identity and significance of Jesus of Nazareth The rigorous process of self examination this initiates leads Richard to embrace his Jewish identity even as he vehemently denies the same for Dov The

two ultimately become fast friends but as they progress from an academic environment to the professional world they are challenged by racist statements made by prominent national figures anti Semitic doctrines such as Christian Identity which teaches that white Anglo Saxons are the true Israel and also purported scholars who deny the reality of the Holocaust itself Circumstances in life connect them with a young Iranian migr named Jahangir Khatami whose Muslim beliefs conflict strongly with their own Yet when a violent incident brings the three of them together they are forced to reexamine not just their differences but their similarities While they clash over the ideals of Zionism and its ramifications in the modern State of Israel they are united in their horror over the terrorist attacks of September 11 2001 Join a diverse cast of characters some of whom appeared in the authors earlier book *Beyond Heaven and Earth* in a probing exploration that may help you reconsider just what it means to be Jewish Christian or Muslim in the modern world **The Anointed** Randall J. Stephens, Karl W. Giberson, 2012-07-09 Why do so many evangelicals follow leaders with dubious credentials when they have other options in their own faith Exploring intellectual authority within evangelicalism the authors reveal how the concept of anointing being chosen by God to speak for him established a conservative evangelical leadership isolated from secular arts and sciences *Global Rebellion* Mark Juergensmeyer, 2008-05-16 A new religious activism has seized the imaginations of political rebels around the world In providing a road map through this complex terrain the author bases his discussion on interviews with militant activists and case studies of rebellious movements
