Berk, 2004 Based on the most recent contemporary research this is a wide ranging and practical guide to parenthood and early childhood education 7 halftones *The Psychology of Starting School* Claire Hughes, Caoimhe Dempsey, Elian Fink, 2024-08-13 The Psychology of Starting School offers a highly accessible practical guide to cutting edge research from developmental science to guide parents and professionals through this exciting but sometimes tricky period Written by expert developmental psychologists it explores how social and emotional competence emerges within a network of supportive relationships and explains how the transition to school compares with other key transitions for children for example becoming a sibling Addressing the all important topic of children s early friendships it

explains how children's mindreading skills and ability to regulate their feelings and behaviour contribute to a successful school transition. The book offers guidance on topics such as successful home school links, the impact of starting school on family life and troubleshooting problems for both parents and educators including socialising outside school, children's fatigue and establishing positive relationships with other parents at the school gates. Designed to dip in and out and complete with numerous examples, chapter summaries and top tips for parents and teachers, this book is essential reading for parents, Early Years professionals, SENDCos, health visitors and school nurses as well as mental health professionals and social workers working with children and families. *The Quick-Start Library Guide* Kelly Mayfield, Amy O. Milstead, 2025-09-04. Helps paraprofessionals and new school librarians begin their first school year with confidence. New librarians and paraprofessionals often come to school library positions with little or no experience in library work and there's a gap in instructional information available for those who want to quickly increase their skill level. This book helps professionals and paraprofessionals learn what they need to know to get started as well as pointing them to additional resources in areas where they might want more advanced information. This practical guide teaches librarians and paraprofessionals to develop systems and create plans for programs and partnerships with teachers and other professionals to set them up for success during their first year in the library. A timeline helps map out the rhythm of a school year. *The Quick Start Library Guide* introduces paraprofessionals to library science topics such as cataloging, collection development and weeding. It covers topics specific to the school library such as reading levels, book fairs and author visits. Each section includes suggested resources for more in-depth learning. Librarians and paraprofessionals will be able to use this valuable straightforward guide to hit the ground running in their new role. **The Children's World of Learning, 1480-1880.
