*Popular Ghosts* Maria del Pilar Blanco, Esther Peeren, 2010-04-01 Located in the ambivalent realm between life and death ghosts have always inspired cultural fascination as well as theoretical consideration **Politics in Fantasy Media** Gerold Sedlmayr, Nicole Waller, 2014-10-21 Fantasy is often condemned as escapist unsophisticated and superficial This collection of new essays puts such easy dismissals to the test by examining the ways in which Fantasy narratives present diverse politically relevant discourses gender race religion or consumerism and thereby serve as indicators of their real world contexts Through their depiction of other worlds allegedly disconnected from our own these texts are able to actualize political attitudes Instead of categorizing Fantasy either as conservative or progressive the essays suggest that its generic peculiarity allows the emergence of productive forms of oscillation between these extremes Covered are J R R Tolkien's *The Lord of the Rings* George R R Martin's *A Song of Ice and Fire* sequence J K Rowling's *Harry Potter* novels the vampire TV series *True Blood* and the dystopian computer game *Fallout 3* *The Pleasures of Horror* Matt Hills, 2005-06-20 *Pleasures of Horror* is a stimulating and insightful exploration of horror fictions literary cinematic and televisual and the emotions they engender in their audiences The text is divided into three sections The first examines how horror is valued and devalued in different cultural fields the second investigates the cultural politics of the contemporary horror film while the final part considers horror fandom in relation to its embodied practices film festivals its reading formations commercial fan magazines and fanzines and the role of special effects *Pleasures of Horror* combines a wide range of media and textual examples with highly detailed and closely focused exposition of theory It is a fascinating and engaging look at responses to a hugely popular genre and an invaluable resource for students of media cultural and film studies and fans of horror **The Year's Best**

**Dark Fantasy & Horror** Paula Guran, 2022-10-18 The supernatural the surreal and the all too real Such tales of the dark and the unknown have always fascinated us and modern authors carry on the disquieting traditions of the past while inventing imaginative new ways to unsettle us Chosen from a wide variety of venues these stories are as eclectic and varied as shadows The latest volume of *The Year's Best Dark Fantasy and Horror* edited by fantasy aficionado Paula Guran offers more than four hundred pages of tales from some of today's finest writers of the fantastique including Alix E Harrow Zen Cho Elizabeth Hand and many more Indulge if you dare because these 23 tales of terror are sure to delight as well as disturb

befitting Black Mirror's dystopian visions The volume suggests that the Black Mirror anthology doesn't just make the viewer feel on the surface a strange recognition of closeness to some of its dystopian scenarios but also makes us realise how very fragile wavering fractured and uncertain is the human moral compass     **Netflix, Dark Fantastic Genres and Intergenerational Viewing** Djoymi Baker, Jessica Balanzategui, Diana Sandars, 2023-07-04 Focusing on Netflix's child and family orientated platform exclusive content this book offers the first exploration of a controversial genre cycle of dark science fiction horror and fantasy television under Netflix's Family Watch Together TV tag Using a ground breaking mix of methods including audience research interface and textual analysis the book demonstrates how Netflix is producing dark family telefantasy content that is both reshaping child and family friendly TV genres and challenging earlier broadcast TV models around child appropriate family viewing It illuminates how Netflix encourages family audiences to watch together through intergenerational dynamics that work on and offscreen The chapters in this book explore how this Netflixication of family television developed across landmark examples including Stranger Things A Series of Unfortunate Events The Dark Crystal Age of Resistance and even Squid Game The book outlines how Netflix is consolidating a new dark family terrain in the streaming sector which is unsettling older concepts of family viewing leading to considerable audience and critical confusion around target audiences and viewer expectations This book will be of particular interest to upper level undergraduates graduates and scholars in the fields of television studies screen genre studies childhood studies and cultural studies     **Sense of Wonder** Leigh Grossman, 2011-12-20 A survey of the last 100 years of science fiction with representative stories and illuminating essays by the top writers poets and scholars from Edgar Rice Burroughs and Samuel Butler to Robert A Heinlein and Jack Vance from E E Doc Smith and Clifford D Simak to Ted Chiang and Charles Stross and everyone in between More than one million words of classic fiction and essays     **Companion to Victorian Popular Fiction** Kevin A. standards in art and entertainment and as a dominant feature in the debates on mass culture Through a plethora of visual and written texts representations of fictional and actual real life murders and high and popular forms of writing the volume considers the importance of murder in the elite claim to cultural authority versus its perception of plebian taste in the context of the democratization of culture This book will be of value to scholars and graduate students in a variety of research areas as well as general readers interested in the role of murder as a central trope in modern art and culture
