healing complications for individual trauma scenarios

KEY FEATURES Written by international authorities on dental trauma
 Demonstrates treatment protocols in a clear step by step format
 Illustrated throughout with high quality color images and diagrams
 Includes more sections to expand number of clinical scenarios
 Accompanied by a new DVD of trauma scenario animations

REVIEWS OF PREVIOUS EDITIONS The text is clear and well written and well referenced
 The chapters on diagnosis of periodontal and pulpal complications are particularly helpful as this is a difficult area for many clinicians
 The manual will serve as an excellent reference for practitioners and dental students who have a good working knowledge of dental traumatology
 Journal of Orthodontics Overall this book is excellent and I believe would be an essential member of a dentist's library
 It is the sort of book that can be quickly read and information and guidance can be located easily when the need arises
 The price makes the book very affordable and I wholeheartedly recommend it as an essential reference source for the general dentist and dental student
