Dr. JOHN DEE

The Hieroglyphic Monad The Hieroglyphic Monad

**John Dee (Mathematiker, Okkultist,
Astrologe)**

The Hieroglyphic Monad The Hieroglyphic Monad:

The Hieroglyphic Monad John Dee,2000-01-01 Written in thirteen days in 1564 by the renowned Elizabethan magus Dr John Dee The Hieroglyphic Monad explains his discovery of the monas or unity underlying the universe as expressed in a hieroglyph or symbol Dee called The Hieroglyphic Monad a magical parable based on the Doctrine of Correspondences which lies at the heart of all magical practice and is the key to the hermetic quest Through careful meditation and study of the glyph its secrets may be slowly revealed The Hieroglyphic Monad John Dee,James Orchard-Halliwel,2016-01-21 The Monas Hieroglyphica or Hieroglyphic Monad is an esoteric symbol invented and designed by John Dee the Elizabethan Magician and Court Astrologer of Elizabeth I of England In 1564 at the age of 37 Dee wrote the Monas Hieroglyphica as an interpretation or commentary on the symbol which is meant to express the unity of all creation According to legend Dee wrote the manuscript in twelve days while in a mystical state I am the pen merely of God Dee said whose Spirit quickly writing these things through me I wish and I hope to be He claimed it would revolutionize astronomy alchemy mathematics linguistics mechanics music optics magic and adeptship He traveled to Hungary to present a copy of it to Maximilian II the Holy Roman Emperor This edition includes the remnants of Dee s diary written primarily on the backs of old Almanacs and edited with footnotes by James Orchard Halliwell and also the catalog made of the manuscripts that were in his possession The diary has been formatted for easy readability and contains subject matter ranging from the daily minutia of paying servants to Dee s self treatments for his kidney stones to luncheons with famous historical figures and there is even a mention of a strange spiritual creature roaming about the house The Hieroglyphic Monad John Dee,J. W. Hamilton-Jones,2013-10 This is a new release of the original 1946 edition The Hieroglyphic Monad John Dee (Mathematiker, Okkultist, Astrologe),1947 Monas Hieroglyphica John Dee,2014-03 This Is A New Release Of The Original 1922 Edition *The Hieroglyphic Monad ... Translated and with a Commentary by J.W. Hamilton-Jones. [With Plates, Including a Portrait.]* John Dee,J. W. Hamilton JONES,1947 **Sacred Symbol of Oneness by John Dee of London** John Dee,James Alan Egan,2014-09-02 This English translation of John Dee s Monas Hieroglyphica is a companion piece to John Dee s original Latin published by James Alan Egan As some of John Dee s cryptic clues get lost in translation it s useful to study both versions To simplify cross referencing this English translation mirrors the layout and design of the original Latin version In other words both this translation and the original have the feel of John Dee s original work except for a few minor differences Dee s original printed in Antwerp in 1564 had a stapled binding whereas this version has a perfect binding with a spine Also the cover of the original Latin version the same thickness as the paper stock of its interior pages **The Monad Manifesto** Dennis William Hauck,2022-03-08 The Monad is the indivisible single source of consciousness and information that created our universe In philosophy the Monad is the origin of all things the totality of both our present existence and all possible future incarnations For theologians it is the Word of God that created the world In mathematics the Monad is the

archetypal origin of all the numbers and geometric shapes that describe Nature Computer scientists view it as the cosmic code embedded in the matrix of reality In science the Monad is the Singularity the Big Bang explosion of light and consciousness from which our universe sprung forth In The Monad Manifesto we explore the mysterious monadic origin of the universe and its relationship to the field of conscious awareness that we all share The book is organized into a central Manifesto and ancillary chapters that expand and document the ideas presented These chapters include The Monad in Philosophy The Monad in Science The Monad in Mathematics and Monad Cosmology We will also explore the ways people experience monadic reality in the chapter Monadic Experiences Then we will learn methods of meditation developed down through the ages to connect to the Source in Monad Meditations **The Mercurian Monarch** Douglas Brooks-Davies,1983
 The Power of the Word Donald Tyson,2004 Originally published Tetragrammaton St Paul Minn Llewellyn 1995
