

The background of the cover is a composite of microscopic images of blood components. In the upper half, there are several red blood cells (erythrocytes) of varying sizes and orientations, some appearing as bright red discs. In the lower half, there is a large, detailed image of a white blood cell (leukocyte) with a multi-lobed purple nucleus and a granular cytoplasm. To the left of the white blood cell, there is a cluster of small, pink, irregularly shaped structures, possibly platelets or a portion of a fibrin mesh. The overall color palette is dominated by reds, purples, and pinks, with a dark, almost black, background for the text area.
