literary and popular fiction across print visual audio and digital media American Cities in Post Apocalyptic Science Fiction explores the prevalence of these representations in American culture drawing from a wide range of primary and critical works from the early twentieth century to today Beginning with science fiction in literary magazines before taking in radio dramas film video games and expansive transmedia franchises Robert Yeates argues that post apocalyptic representations of the American city are uniquely suited for explorations of contemporary urban issues Examining how the post apocalyptic American city has been repeatedly adapted and repurposed to new and developing media over the last century this book reveals that the content and form of such texts work together to create vivid and immersive fictional spaces in ways that would otherwise not be possible Chapters present media specific analyses of these texts situating them within their historical contexts and the broader history of representations of urban ruins in American fiction Original in its scope and cross media approach American Cities in Post Apocalyptic Science Fiction both illuminates little studied texts and provides provocative new readings of familiar works such as Blade Runner and The Walking Dead placing them within the larger historical context of imaginings of the American city in ruins

Challenging Anthropocentrism in Eco-Science Fiction Novels Fatma Gamze Erkan,2024-01-03 This book explores the relationship between humanity and nature while challenging the notion that anthropocentric behaviour causes the environmental catastrophes depicted in the four selected British eco science fiction novels These novels are John Christopher s The Death of Grass 1956 J G Ballard s The Drought 1965 Brian Aldiss s Earthworks 1965 and John Brunner s The Sheep Look Up 1972 all of which fictionalise the fact that the consequences of environmental problems can be diverse but equally serious This book examines how even the smallest damage caused by human beings to the environment negatively affects them other living beings and the ecosystem they need to live and flourish In conjunction with these the factors and conditions that push characters in the novels to ignore and harm the environment are also scrutinised While examining how and why the environmental problems in the novels have arisen it is evaluated whether the authors propose solutions to these problems and if so what they are Voison'S Boomerang R.

RexDeNemo,2017-04-18 In a futuristic world a nurse practitioner and a doctor are encouraged to begin dating by Voison Noteau the elderly author of a book that accurately foretold of Boomerangthe moment in 2036 when an asteroid hit Earth and caused a disaster of epic proportions Unfortunately now some fifty years after Voison penned the prophetic story that was eventually optioned into a Hollywood movie the original manuscript is missing When Carol Applegate and Dr Razguptra finally go on their first date she is drugged As Dr Razguptra attempts to discover who slipped her the drugs he has no idea that there are those who want Carol silenced because of her knowledge about Voisons book As a detective and his partner are pulled in to investigate the strange events Voison reveals a surprising connection between the Malthusian Cartel and Boomerang and the location where he hopes the flash drive containing the manuscript is stored But little do they know that in their quest to find it they have all opened themselves up to an evil force determined to keep the truth hidden In this

science fiction adventure several people become intertwined in a murderous plot after it is discovered they possess knowledge about a book that foretold of a catastrophic event fifty years earlier Memetic: The Apocalyptic Trilogy Deluxe Edition James Tynion IV, 2024-10-16 In *Memetic* a weaponized meme leads to the utter annihilation of the human race within 72 hours The root of this apocalypse is a single image on the internet a meme in the popular sense A meme that changes everything In *Cognetic* a powerful psychic being that once controlled one third of the world's population as a part of its hivemind returns to humanity in modern day New York City Meanwhile the young assistant to the Director of the FBI may be the only one who can save humanity but at a terrible terrible cost In *Eugenic* a new vision of humanity's future arrives When a plague ravages the world one scientist discovers the cure and becomes the savior of mankind Hope is restored and the world rebuilds But then people who took the cure begin having children who are unnatural and the definition of normal is forever altered This deluxe hardcover collection not only contains the trilogy of self-contained horror comics from the GLAAD Award nominated team of James Tynion IV *Something is Killing the Children* Detective Comics and Eryk Donovan Constantine *The Hellblazer* but acts as a precursor to the creative titan that would take the comics world by storm with the *Slaughterverse* *w0rldtr33* and *The Nice House At The Lake* Collects *Memetic* 1 3 *Cognetic* 1 3 *Eugenic* 1 3 Apocalyptic Ecology in the Graphic Novel Clint Jones, 2020-03-30 As awareness of climate change grows so do the number of cultural depictions of environmental disaster Graphic novels have reliably produced dramatizations of such disasters Many use themes of dystopian hopefulness or the enjoyment readers experience from seeing society prevail in times of apocalypse This book argues that these generally inspirational narratives contribute to a societal apathy for real life environmental degradation By examining the narratives and art of the environmental apocalypse in contemporary graphic novels the author stands against dystopian hope arguing that the ways in which we experience depictions of apocalypse shape how we respond to real crises Contemporary Women's Post-Apocalyptic Fiction Susan Watkins, 2020-02-29 This book examines how contemporary women novelists have successfully transformed and rewritten the conventions of post apocalyptic fiction Since the dawn of the new millennium there has been an outpouring of writing that depicts the end of the world as we know it and women writers are no exception to this trend However the book argues that their fiction is distinctive Contemporary women's work in this genre avoids conservatism a nostalgic mourning for the past and the focus on restoring what has been lost aspects key to much male authored apocalyptic fiction Instead contemporary women writers show readers the ways in which patriarchy and neo colonialism are intrinsically implicated in the disasters they envision and offer qualified hope for a new beginning for society culture and literature after an imagined apocalyptic event Exploring science nature and matter the posthuman body the maternal imaginary time narrative and history literature and the word and the post secular the book covers a wide variety of writers and addresses issues of nationality race and ethnicity as well as gender and sexuality
