Sustaining Cultural and Disability Identities in the Literacy Classroom, K-6 Amy Tondreau, Laurie Rabinowitz, 2024-10-31 Ideal for literacy methods and elementary instruction courses, this book brings together three strands of educational practice: Culturally Sustaining Pedagogy (CSP), Disability Sustaining Pedagogy (DSP), and balanced literacy to present a cohesive comprehensive framework for literacy instruction that meets the needs of all learners. Situating balanced literacy instruction within the current debate on how to best teach elementary school literacy, this book prepares pre-service and in-service teachers to work with racially, ethnically, and linguistically diverse students of all abilities and disabilities and addresses effective curriculum design, lesson planning, and assessment. Chapters offer real world classroom examples and lesson plans, charts, and discussion guides for CSP, DSP, and infused instruction for each component of a balanced literacy instructional block.

Down Syndrome Qadoshyah Fish, 2008-11 People with Down syndrome can do a lot; this is the reality. We will share with you in this book stories from people with Down syndrome who have excelled in many areas and live lives like many other people who do not have Down syndrome. We will also share with you stories about those with Down syndrome who have had medical problems and issues to deal with yet give joy to those they come in contact with. Preface.

Handbook of Research on Teaching the English Language Arts Diane Lapp,Douglas

Fisher, 2011-01-18 Now in its third edition the Handbook of Research on Teaching the English Language Arts sponsored by the International Reading Association and the National Council of Teachers of English offers an integrated perspective on the teaching of the English language arts and a comprehensive overview of research in the field. Prominent scholars, researchers, and professional leaders provide historical and theoretical perspectives about teaching the language arts, focus on bodies of research that influence decision making within the teaching of the language arts, explore the environments for language arts teaching, reflect on methods and materials for instruction. Reflecting important recent developments in the field, the Third Edition is restructured, updated, and includes many new contributors. More emphasis is given in this edition to the learner, multiple texts, learning and sharing one's knowledge. A Companion Website new for this edition provides PowerPoint slides highlighting the main points of each chapter.

Mindful Education for ADHD Students Victoria Proulx-Schirduan, C. Branton Shearer, Karen I. Case, 2009 This inspiring book reveals the invisible inner landscapes of how educators teach children from a variety of backgrounds to meet the challenging expectations of today's standards without sacrificing support for their developmental needs or their diverse ways of learning. Featuring images of possibility from an urban school, it describes effective child-centered teaching in pre-K through fifth grade. Each image is analyzed for the educational decisions that took place to make the experience effective, including the planning involved, the classroom environment, and routines that supported it. How standards were addressed, how the teacher assessed student learning to shape instruction, and the impact on students. This practical resource is a must-read for pre- and in-service teachers and anyone committed to helping inner-city children succeed in school and beyond.

The Neural Teaching Guide Kieran O'Mahony, 2024-06-17 The Neural Teaching Guide showcases the innovative practices of K-12 teachers who are effectively applying findings from educational neuroscience into their classrooms. Educators today have remarkable opportunities to understand how the complex and often malleable functions of the brain affect learning, behavior, and social-emotional dynamics, but what practical strategies come out of this information? Authored by in-service teachers around the country, this book showcases a variety of brain-based approaches, cutting-edge yet intuitive evidence-based yet accessibly translated to helping children realize their potential at school. Both novice and veteran K-12 teachers alike will be reinvigorated to enhance students' engagement and curiosity, nurture positive behaviors and self-regulation, support interest-based activities and inclusive interactions, identify biases and struggles, and more.
