Monthly Expense Tracking

The very first step to organizing your finances is to track your expenses. This is where you will review all expense categories and determine how much you are spending on each.

To track your expenses, you need to create a budget. This is where you will review all expense categories and determine how much you are spending on each.

Monthly Budget Worksheet

Once you have tracked your finances and have an understanding of the income coming in and spending going out, it's time to create a budget.

This is where you will review all expense categories and determine how much you are spending on each.

Welcome!

The best way to use this organizer is to:

1. Print as many pages as you like, or use a pdf editing tool to fill in forms electronically. (I'll provide for placing all pages in a binder in case you are a print and paper kinda person like me.)
2. Look over the table of contents.
3. See where you are in your personal finance journey and which worksheets/checklists/forms are most beneficial for you. Personal finance is personal, you may need to go one by one in order, or you may need to skip around and find what works best for you.
4. Now add third introductory pages for each separate workbook or printable. This is to help orient you to the purpose of the form and keep all forms organized in your file or binder.
5. Take a look at the bottom of each intro page. If there is a corresponding link post that will help clarify or provide a more in-depth understanding of the concept, you will find both a link you can click on and the written text so you can easily learn more.
