Race and College Admissions Jamillah Moore, 2024-07-22 In the United States elite colleges and universities have historically catered primarily to wealthy predominantly white Americans creating barriers to entry for students of color Legal

statutes have entrenched discriminatory practices within the admissions process perpetuating the underrepresentation of students of color at top tier institutions Given this reality the imperative for institutions to promote diversity through affirmative action remains crucial However recent legal challenges against affirmative action threaten to reinforce the status quo potentially perpetuating the dominance of predominantly white institutions in higher education This book takes an historical look at the pivotal role affirmative action has played in higher education It examines the admissions process through the eyes of a beneficiary of affirmative action and is the first text to share insights on the role eligibility plays in allowing universities to consider race in admitting applicants Detailed are the different types of affirmative action and how some colleges and universities use the policy as a tool to consider race and ethnicity as part of a holistic evaluation of applicants This work makes the case that race conscious admissions practices remain necessary in the fight for racial equity in higher education

District Leadership for Racial Equity Larkin Willis, Desiree Carver-Thomas, Linda

Darling-Hammond, 2025-07-30 District Leadership for Racial Equity shows how transformative changes can occur across diverse districts when leaders take purposeful action in support of racial equity Developed as part of the Racial Equity Leadership Network initiative led by Southern Education Foundation this collection provides an opportunity for leaders to learn from district reform efforts that have reduced disparities and improved outcomes for students of color across unique contexts The cases presented acknowledge the challenges leaders face but they also demonstrate that change is possible when leaders build will and capacity to support successful student outcomes It examines the cases of racial equity leaders across four districts who have developed approaches that create new opportunities and outcomes for students who have been historically marginalized District Leadership for Racial Equity is an essential resource for emerging leaders leader practitioners and policymakers who are committed to reducing disparities and improving outcomes for all students especially those who are marginalized and underserved in our schools and society Additional resources for download are found online here <https://www.routledge.com/9781032938882> The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
