Feminist Perspectives on Law and Literature Laura Schmitz-Justen, Laura A. Zander, Hanna Luise Kroll, Laura Wittmann, 2025-04-21 The interdisciplinary study of law and literature can help us better understand intersectionality and vice versa intersectional feminist perspectives are extremely valuable in the study of law and literature Of course neither feminist nor intersectional approaches are new in and of themselves for decades literary scholarship has studied the impact of particular constellations of gender race and class when it comes to representations of women in literary texts and has succeeded in shaking monolithic and stereotypical notions of womanhood However research at the intersection of law literature and feminism has so far been limited and insular Bringing together more than twenty international researchers from related disciplines this volume is the first to bring questions of intersectional feminism to the forefront of law and literature scholarship From reproductive and trans gender justice in law and literature to feminist practices that intervene in judicial discourse this volume brings into focus a wide range of cultural and legal phenomena in which gender and the law intersect in literary texts The volume s commitment to intersectionality fittingly extends to its very make up the contributors were selected to represent a diverse range of positions in terms of their gender career stage and nationality

A Hundred Years of Bibliotherapy Siobhan Campbell, Sara Haslam, Edmund G. C. King, 2025-05-16 The First World War gave new and vital impetus to the ancient idea that books could heal This interdisciplinary collection provides a targeted survey of 100 years of historical and contemporary understandings and practices of the book as cure The contributors explore the curative practices of wartime reading how they were developed and institutionalized after the war and the afterlives of these ideas and practices today Divided into three sections the first considers bibliotherapy in World War I It is rooted in the wartime cultures which ensured bibliotherapy became part of the active treatment of soldiers damaged minds and bodies on both sides of the Atlantic after 1914 Parts two and three examine the expanding variety of critical contexts both historical and more modern in which reading and wellbeing continued to intersect The chapters draw on a wide range of source material from trench magazines to autograph books to e novels as well as on data and information drawn from practice based encounters They also provide the basis for further scholarly exploration of for example national traditions and contexts and the interdisciplinary relationships which they inspire *A Hundred Years of Bibliotherapy Healing through Books* provides the first interdisciplinary dialogue on and account of bibliotherapy addressing both historical and present day modes of engaging with the ostensibly curative power of reading and reading cultures It is an invaluable resource for scholars of literary studies book history and the medical humanities

What We Talk About When We Talk About Books Leah Price, 2019-08-20 Reports of the death of reading are greatly exaggerated Do you worry that you ve lost patience for anything longer than a tweet If so you re not alone Digital age pundits warn that as our appetite for books dwindles so too do the virtues in which printed bound objects once trained us the willpower to focus on a sustained argument the curiosity to look beyond the day s news the

willingness to be alone The shelves of the world's great libraries though tell a more complicated story Examining the wear and tear on the books that they contain English professor Leah Price finds scant evidence that a golden age of reading ever existed From the dawn of mass literacy to the invention of the paperback most readers already skimmed and multitasked Print era doctors even forbade the very same silent absorption now recommended as a cure for electronic addictions The evidence that books are dying proves even scarcer In encounters with librarians booksellers and activists who are reinventing old ways of reading Price offers fresh hope to bibliophiles and literature lovers alike Winner of the Phi Beta Kappa Christian Gauss Award 2020 Reading Bestsellers Danielle Fuller, DeNel Rehberg Sedo, 2023-04-27 Readers are essential agents in the production of bestsellers but bestsellers are not essential to readers' leisure pursuits The starting point in this Element is readers' opinions about and their uses of bestselling fiction in English Readers' relationships with bestsellers bring into view their practices of book selection and their navigation of book recommendation culture Based on three years of original research 2019-2021 including a quantitative survey with readers interviews with social media influencers and qualitative work with international Gen Z readers in a private Instagram chat space the authors highlight three core actions contemporary multimodal readers make choosing connecting and responding in a transmedia era where on and offline media practices co-exist The contemporary multimodal reader or the MMR3 they argue illustrates the pervasiveness of recommendation culture reliance on trusted others and an ethic of responsiveness Bookshelves in the Age of the COVID-19 Pandemic Corinna Norrick-Rühl, Shafquat Towheed, 2022-10-05 Bookshelves in the Age of the COVID-19 Pandemic provides the first detailed scholarly investigation of the cultural phenomenon of bookshelves and the social practices around them since the start of the pandemic in March 2020 With a foreword by Lydia Pyne author of Bookshelf 2016 the volume brings together 17 scholars from 6 countries Australia Canada Germany the Netherlands the UK and the USA with expertise in literary studies book history publishing visual arts and pedagogy to critically examine the role of bookshelves during the current pandemic This volume interrogates the complex relationship between the physical book and its digital manifestation via online platforms a relationship brought to widespread public and scholarly attention by the global shift to working from home and the rise of online pedagogy It also goes beyond the digital bookshelf to consider bookselling book accessibility and pandemic reading habits **Lectura, sociedad y redes: Colaboración, visibilidad y recomendación en el ecosistema del libro** Córdón García, José Antonio, 2018-01-01 Si hay algo que caracteriza a la lectura es su vocación comunicativa de socialización de intercambio dialéctica Como una de las formas de conocimiento más sutiles que ha inventado la humanidad esta actividad implica a todos los actores involucrados en la misma pero sobre todo a los lectores de manera individual o colectiva Un buen libro le da cohesión a su difusión al intercambio de pareceres a la recomendación pero también a la intervención articulando un diálogo indirecto a través de anotaciones en la obra o directo a través de redes sociales u otros medios con otros lectores y o con el autor El espacio de la lectura es el de la transición entre

el pensamiento cifrado en una obra y las interpretaciones que genera el de los escenarios en donde tiene lugar la misma el de las v as por las que los libros transitan entre las personas entre las instituciones En esta obra se da fe de estas particularidades de c mo la lectura es un fen meno social que acontece entre los individuos y los grupos una actividad que ha migrado en muchas de sus manifestaciones de lo anal gico a lo digital ampliando los horizontes de sus representaciones sus funcionalidades y prestaciones La lectura como realidad din mica en movimiento permanente de la mente del lector al cerebro de otro s lector es encuentra en lo social su manifestaci n m s profunda Lo social como elemento anal gico y digital los sistemas de recomendaci n las plataformas de lectura los clubes de lectores booktubers prescriptores turismo literario o sistemas de crowdfunding entre otros temas articulan un discurso global sobre la dimensi n multiforme de la lectura compartida
