Love in Wisper, Wyoming: A Small-Town Romance Boxset (Wisper Dreams Books 1 - 3) Greta Rose West, 2024-10-18 Love in Wisper Wyoming is a boxset of the first three books in the Wisper Dreams series by internationally bestselling western romance author Greta Rose West. Come on over to the best small town in all of Wyoming and find the love you've been looking for. *Rivers Between Us* Book One: Sheriff Carey Michaels dreams of a life he can't seem to find since his ex-best friend took off after high school chasing impossible dreams of her own, but now that Frannie Morris and her daughter Grace are back in town, dreams seem possible again. *Attraction* blooms to life. Let's be honest: it never went away, and Fran regrets walking away from Carey when they were eighteen. But when she came home, Fran brought her troubles with her. They lurk around every dark corner. She and Grace aren't safe, so Grace takes matters into her own hands, and what's a ten-year-old girl to do when trouble catches up to them? Text the sheriff, of course. There's bound to be safety and some second chances tucked into all those vest pockets somewhere. *Storms Inside Us* Book Two: Brady Douglas gave up his fast-paced law career to return to his hometown to help care for his dad after he was diagnosed with ALS. He's making the best of things, but when his reclusive billionaire client Theo Burroughs texts him out of the blue, Brady can't but notice how sexy Theo is. Three years and countless bottles of vodka haven't fixed the wrongs in Theo's life. He had it all: money, respect, and a life he thought he could be proud of, but when he lost his parents, he lost his compass. But now he's sick and tired of being sick and tired. When he reaches out to his local lawyer for help to open a community center, heat flares between Brady and Theo, but both men have demons they need to deal with and storms to weather. It's not the right time for either of them, but when has time ever mattered when it comes to love? *Mountains Divide Us* Book Three: Frank Sims looks damn good in his deputy's uniform, all thick thighs and biceps, but like Samantha Russo, she's going to let the silver fox derail her plans for a quiet life as the new town librarian. No way. Living with infertility is hard enough, mourning something that will never be, and watching all her friends realize their own dreams of family. Frank's getting up in age; he's only a year away from hitting the big five-oh. All he's ever wanted was a family to come home to, and when the young sexy librarian falls into his arms, literally, he can picture it with her. Can Sam let her perceived inadequacies go? If she can, she'll see that family comes in all shapes and sizes, and Frank Sims might just be her perfect fit. Love in Wisper Wyoming is a bundle of the first three books in the Wisper Dreams series. There's dashes of suspense, plot twists you won't see coming, small town gossip, and plenty of steam. Check trigger warnings before each story, but there's also heartwarming, found family, good ol' down-home happily ever afters, and lots of humor too. Enjoy! If you'd like to start at the very beginning of the Wisper Wyoming saga, go back to the *Cowboys of Cade Ranch* series in *Love at Cade Ranch: A Western Romance Boxset*. **Filterworld** Kyle Chayka, 2025-01-21 From New Yorker staff writer and author of *The Longing for Less*, Kyle Chayka comes a timely history and investigation of a world ruled by algorithms which determine the shape of culture itself. From trendy restaurants to city grids to TikTok and Netflix feeds, the world round

algorithmic recommendations dictate our experiences and choices The algorithm is present in the familiar neon signs and exposed brick of Internet cafes be it in Nairobi or Portland and the skeletal modern furniture of Airbnbs in cities big and small Over the last decade this network of mathematically determined decisions has taken over almost unnoticed informing the songs we listen to the friends with whom we stay in touch as we've grown increasingly accustomed to our insipid new normal This ever tightening web woven by algorithms is called Filterworld Kyle Chayka shows us how online and offline spaces alike have been engineered for seamless consumption becoming a source of pervasive anxiety in the process Users of technology have been forced to contend with data driven equations that try to anticipate their desires and often get them wrong What results is a state of docility that allows tech companies to curtail human experiences human lives for profit But to have our tastes behaviors and emotions governed by computers while convenient does nothing short of call the very notion of free will into question In Filterworld Chayka traces this creeping machine guided curation as it infiltrates the furthest reaches of our digital physical and psychological spaces With algorithms increasingly influencing not just what culture we consume but what culture is produced urgent questions arise What happens when shareability supersedes messiness innovation and creativity the qualities that make us human What does it mean to make a choice when the options have been so carefully arranged for us Is personal freedom possible on the Internet To the last question Filterworld argues yes but to escape Filterworld and even transcend it we must first understand it **Finish Your Story** Colton Iverson,2024-07-09

Still Reading Romance Josefine Smith, Kathleen W. Taylor Kollman, 2025-04-01 In a world that commodifies feminism is adapting romance novels for small and big screen projects and the Romance Writers Association is evolving to a more inclusive representative group it is imperative for researchers to reevaluate the cultural assumptions and gender norming work happening in the romance genre

It is time to question the cultural capital of traditional archetypes explore the experience of romance readers and question how romance and cultural studies researchers create quantitative qualitative and mixed methods research This work centers around a data set collected with a revised version of Janice Radway's Reading the Romance survey that will be shared with all the authors of this anthology By having access to this pool authors will have the opportunity to explore different elements of reader experience and cultural norms in romance fiction and potentially reflect on changes since Janice Radway's seminal work The norms and negotiations readers experience while consuming romance is especially interesting as romancelandia becomes a more mainstream part of popular culture with the popularity of Bridgerton and romance series like Ice Planet Barbarians exploding on BookTok No other book in romance or popular culture studies identifies a data set as the connecting element and to do so creates an exciting opportunity to create a more inclusive study of popular romance offer truly interdisciplinary research on the question of how readers read romance and generate diverse areas of future scholarship This edited volume explores multiple issues in romance fiction based on survey data from real romance readers An updated version of Janice Radway's influential survey looking at romance readers in the early 1980s this time scholars explore romance readers habits and attitudes in the twenty first century Each contributor in this volume uses the same survey data to make unique statements about gender intersectionality popular fiction and popular culture By using a common data set but approaching it from different perspectives this unique volume is able to apply multiple methodologies to the same subject
